Short Description

Practical chest freezer that, despite its size, has a capacity of 199 liters. The box has a strong insulation which ensures efficient freezing with low operating costs and freezing capacity of 9 kg/24 hours. CF200WD is ideal for smaller households or as a supplement to freezer storage. In addition to the fact that the chest freezer provides large and flexible capacity, it is also easy to operate and easy to clean.

The chest freezer has a "two in one" function, which means that the freezer can run in a temperature range of -24°C to + 5°C, so the freezer can also be converted into a cold room.
The chest freezer can stand in dry environments down to -15°C, which is optimal if, for example, it is to be placed in a garage.
