HAVIT

ST7012 PRO

TRIPOD WITH RING LIGHT

/ Beauty fill light
/ Adjustable height
/ Spiral fixed jaw

4-7 INCH MOBILE PHONE

The clips are designed with elastic silicone to ensure that the equipment is safe and stable and will not fall. The bracket adopts a spiral clamp design, which can be fixed by only one rotation, which is very convenient.

Design of Anti-skid Rubber Pad

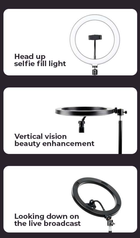
Spiral fixed jaw

FREE SWITCHING OF THREE COLOR TEMPERATURES

The color temperature of the three kinds of lights can be switched at will to meet the color matching of different scenes, so that the live broadcast and photo taking can achieve a more beautiful effect.

OMNIDIRECTIONAL LIGHT COMPENSATION

Flexible rotary adapters meet your needs for viewing different directions of the mobile phone.



72 - 210CM ADJUSTABLE HEIGHT

THE BRACKET IS EASY TO STORE AND CARRY.

The bracket length is 72-210cm, with stable tripod structure, which can be adjusted to different heights.

DOUBLE TRIANGLE STRUCTURE, DOUBLE STABILITY.

The bracket adopts a spiral clamp design, which can be fixed by only one rotation, which is very convenient.
