paper

rOtring was born in 1928, in the era of the influential Bauhaus design school in Germany. Their modernist “Art into Industry” philosophy still inspires our unique approach to industrial design. We design tools to enable people to think and create whenever inspiration takes them. Our creative tools are engineered with German precision ensuring premium performance.

800 +

mechanical pencil + stylus hybrid

Premium hybrid mechanical pencil + stylus, combining both modes at the same end with a unique retractable mechanism.

Hybrid

- Unique „Twist and Click“ retractable mechanism of the entire sleeve and lead: pocket safe + durability
- Retract the pencil and use the stylus without the hassle of turning the tool around. Its all on the same end
- Hexagonal barrel ensuring fatigue-free writing and drawing. Shaped to prevent the tool from sliding when laid down on tables
- Non-slip metal knurled grip

Stylus

- Precision stylus tip for high accuracy, control and speed
- 100% effective at every angle
- Soft tip glides smoothly and is compatible with all capacitive touchscreens

Mechanical Pencil

- rOtring brass mechanism for precision lead advancement
- Fixed lead guidance sleeve preventing break and offering an unimpeded view of the page for precise ruler-based drawing
- Built-in eraser under the push-button cap
- Refillable. Loaded with high-polymer HB leads

500 mechanical pencil

Premium light-weight mechanical pencil with hexagonal plastic body and metal-grip-zone.

- rOtring brass mechanism for precision lead advancement
- Fixed lead guidance sleeve preventing break and offering an unimpeded view of the page for precise ruler-based drawing
- Plastic body for a light-weight tool
- Hexagonal barrel ensuring fatigue-free writing and drawing. Shaped to prevent the tool from sliding when laid down on tables
- Non-slip metal knurled grip
- Adjustable lead hardness grade indicator
- Built-in eraser under the push-button cap
- Refillable. Loaded with high-polymer HB leads

1904725	black	HB	0.5 mm
1904727	black	HB	0.7 mm

300 mechanical/clutch pencil

Light-weight mechanical pencil with hexagonal plastic body.

0.5 and 0.7 mm:

- rOtring brass mechanism for precision lead advancement
- Fixed lead guidance sleeve preventing break and offering an unimpeded view of the page for precise ruler-based drawing
- Plastic body for a light-weight tool
- Hexagonal barrel ensuring fatigue-free writing and drawing. Shaped to prevent the tool from sliding when laid down on tables
- Adjustable lead hardness grade indicator
- Built-in eraser under the push-button cap
- Refillable. Loaded with high-polymer HB leads

2.0 mm:

- Clutch-grip mechanism for secure holding of the 2.0mm lead
- Plastic body for a light-weight tool
- Hexagonal barrel ensuring fatigue-free writing and drawing. Shaped to prevent the tool from sliding when laid down on tables
- Adjustable lead hardness grade indicator
- Built-in sharpener under the push-button cap
- Refillable. Loaded with HB leads

1904726	black	HB	0.5 mm
1904724	black	HB	0.7 mm
1904729	black	HB	2.0 mm

Rapid Pro mechanical pencil

0.5 and 0.7 mm
Mechanical pencil with full metal body and cushion lead mechanism.

- Sliding sleeve and cushion lead mechanism for high level of break resistance and outstanding writing and doodling comfort
- rOtring brass mechanism for precision lead advancement
- Full metal body providing ideal balance of weight and feeling
- Non-slip metal knurled grip
- Built-in eraser under the push-button cap
- Refillable. Loaded with high-polymer HB leads

2.0 mm
Mechanical pencil with full metal body and unique precision lead advancement mechanism.

- Unique push mechanism for controlled 2mm lead transportation
- Full metal body providing ideal balance of weight and feeling
- Non-slip metal knurled grip
- Built-in sharpener under the push-button cap
- Refillable. Loaded with rOtring HB leads

Also available in ballpoint pen.

not refillable

technical & calligraphy pens

A rOtring technical pen is a professional high precision pen offering a unique drawing technology available in 13 different line widths, with a color coding in compliance with ISO standards. A rOtring calligraphy pen, available in lettering, sketching and calligraphy line widths, is a must for people who want to put a personal stamp on their written work.

rotrin
,35

rapidograph technical pen

High precision technical pen with rOtring's unique capillary cartridge, in 13 line widths.

- Wear-resistant, hard chrome-plated thin tip allows working in exquisite detail
- Innovative cartridge including the ink helix so every time it is changed, the pen gets a new clean helix and a new pressure equalisation system for easy maintenance
- Improved temperature stability through extra large ink-helix volume and optimum location of the ventilation opening for the best reliability
- Ink can be used down to the last drop
- Ink level is clearly visible
- One ink cartridge included inside the pen
- Can be used on a variety of surfaces such as lineboard, tracing paper or vellum drawing paper

compasses

A rOtring compass is engineered to help developing the most precise and perfect designs in the easier way. We offer three ranges of compasses - Compact, Centro and Convex - for student to professional use.

Convex

Convex Giant Bow Rapid Adjustment compass with extension bar and pen adaptator

- Premium material for a professional tool. Unique rOtring design with rounded legs
- Convenient rapid adjustment through button-mechanism. Precise settings. Simultaneous opening and closing of both legs. High degree of protection against unintended leg opening and thus change in radius
- Length: 182 mm. Circles up to Ø 620 mm
- Extension bar
- Swivelling pen adaptor with fine lead insert 0.5 mm
- Lead box and spare needle

S0233750 with extension bar, circles up to Ø 620 mm

Convex Universal compass with telescopic extension

- Premium material for a professional tool
- Universally applicable due to interchangeable inserts such as compass attachment and extension bar. Radius easily adjusted and stays adjusted due to static friction in the compass head
- Length: 150 mm. Circles up to Ø 520 mm. Pivot: Ø 3.5 mm.
- Convenient integrated extension bar
- Lead box and spare needle

S0233471

Centro

Centro Giant Bow Rapid Adjustment compass

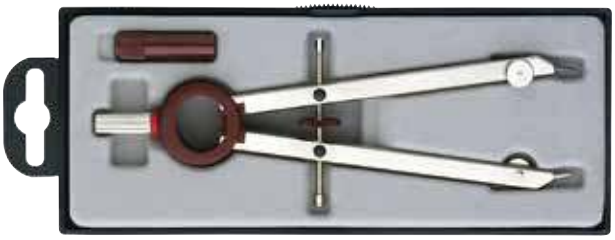
(+ optional extension bar)

- Premium material
- Convenient rapid adjustment through button-mechanism. Precise settings. Simultaneous opening and closing of both legs. High degree of protection against unintended leg opening and thus change in radius
- Length: 170 mm. Pivot: Ø 4.0 mm
- Circles up to Ø 400 mm (S0214470 without extension bar) or circles up to Ø 640 mm (S0214540 with extension bar)
- Lead box and spare needle

S0214470 without extension bar, circles up to 400 mm dia.

S0214540 with extension bar, circles up to 640 mm dia.

Centro Geometry compass



- Premium material
- Precise radius setting by setting through central adjusting wheel and spindle. Simultaneous opening and closing of both legs. Highly resistant to accidental changes in radius
- Length: 160 mm. Circles up to Ø 250 mm
- Lead box and spare needle

S0233300

Centro Rapid Adjustement compass silver edition

Infinitely variable radius adjustment in silver edition

- Premium material
- Convenient rapid adjustment through operating the legs. Precise settings. Simultaneous opening and closing of both legs. High degree of protection against unintended leg opening and thus change in radius
- Lead box and spare needle

S0830390

Centro Universal compass

(+ optional extension bar and pen holder)

- Premium material
- Radius easily adjusted and stays adjusted due to static friction in the compass head
- Circles up to Ø 380 mm (S0214320 without extension bar) or circles up to Ø 540 mm (S0214390 with extension bar and pen holder)
- Lead box and spare needle

S0214320
S0214390 with extension bar and pen holder

Centro Universal set 7 pieces

- Universal compass: Universally applicable due to interchangeable inserts such as compass attachment and extension bar. Radius easily adjusted and stays adjusted due to static friction in the compass head. Circles up to Ø 540 mm
- Extension bar
- Dividers compass: For marking line segments needles in both legs. Radius stays adjusted due to static friction in the compass head.
- Small Bow compass
- Drawing pen and drawing pen holder
- Lead box and spare needle

S0233370

Centro Universal set 8 pieces

- Universal compass: Universally applicable due to interchangeable inserts such as compass attachment and extension bar. Radius easily adjusted and stays adjusted due to static friction in the compass head. Circles up to Ø 540 mm
- Extension bar
- Dividers compass: For marking line segments needles in both legs. Radius stays adjusted due to static friction in the compass head
- Small Bow compass
- Bow compass
- Drawing pen and drawing pen holder
- Lead box and spare needle

S0233410

Compact

Compact Rapid Adjustement compass

- Rapid adjustment through operating the legs. Precise settings. Simultaneous opening and closing of both legs. High degree of protection against unintended leg opening and thus change in radius
- Plastic grip zone with dots for comfortable use
- Length: 170 mm. Circles up to Ø 360 mm. Pivot: Ø 4.0 mm
- Lead box and spare needle

S0676580

Compact Geometry compass

- Precise radius setting. Simultaneous opening and closing of both legs. Highly resistant to accidental changes in radius
- Plastic grip zone with dots for comfortable use
- Length: 170 mm. Circles up to Ø 360 mm. Pivot: Ø 4.0 mm
- Lead box and spare needle

S0676570

Compact Giant Universal compass

- Universally applicable due to interchangeable inserts such as compass attachment and extension bar. Radius easily adjusted and stays adjusted due to static friction in the compass head
- Plastic grip zone with dots for comfortable use
- Length: 160 mm. Circles up to Ø 360 mm. Pivot: Ø 3.5 mm
- Lead box and spare needle

S0676550

Compact Giant Universal set 6-pieces

- Giant universal compass: Universally applicable due to interchangeable inserts such as compass attachment and extension bar. Radius easily adjusted and stays adjusted due to static friction in the compass head
- Stable extension bar
- Compass attachment with universal compass holding device
- Drawing pen and drawing pen holder
- Lead box and spare needle

S0676560

Compact Universal compass

(+ optional extension bar and compass attachment)

- Universally applicable due to interchangeable inserts such as compass attachment and extension bar. Radius easily adjusted and stays adjusted due to static friction in the compass head
- Lead box
- Length: 130 mm. Pivot: Ø 3.5 mm
- Circles up to Ø 320 mm (S0676530 without extension bar) or circles up to Ø 480 mm (S0676540 with extension bar and compass attachment)

S0676530
S0676540

Accessories

Compass attachement with universal holding device

- With stepped peg to fit 3 .5 mm and 4 .0 mm dia
- The universal holding device takes pens/pencils up to 11.5 mm dia

S0451450

Dual compass attachment

- With stepped peg to fit 3 .5 and 4.0 mm dia
- Peg slot adjustable by 90°

drawing aids

A rOtring drawing aid is a professional tool made of high-quality durable materials. Our selection of set squares, rulers, templates, lettering stencils and other drawing aids was designed to answer all your needs.

rotring
Art.823080

Professional Set Square
Crystal clear, robust plastic, convenient, removable grip
Clearly and precisely embossed
Counter-directional numbering with coloured background
Indian ink edges and naps, angle scales 180°/1°
Hypotenuse 32 cm with 30 cm / 1 mm scale

S0699270

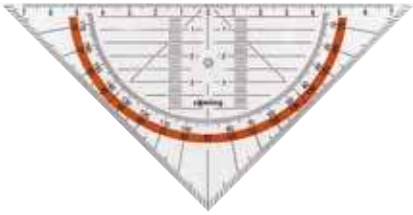
Professional Set Square
High-quality plexiglas
Convenient removable handle
Clear and precise fine imprinting
Contrary scale with coloured background
Tracing edges and ink naps
Angle scale 180°/1°
Hypotenuse 25 cm with 22cm/1 mm scale
S0451820

Large Geometry Set Square wih Handle
Crystal-clear, stable plastic
Robust handle
Contrary scale with coloured background
Bevelled edges and ink naps
Hypotenuse 23 cm with 20 cm/1 mm scale

S0903950

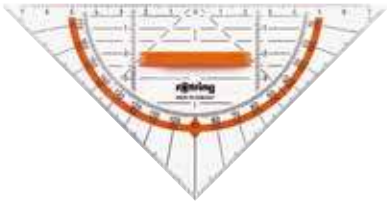
Geometry Set Square
Crystal-clear, stable plastic
Contrary scale with coloured background
Bevelled edges and ink naps
Hypotenuse 16 cm with 14 cm/1 mm scale

S0237630



Geometry Set Square with Handle
Crystal-clear, stable plastic
Robust removable handle
Contrary scale with coloured background
Bevelled edges and ink naps
Hypotenuse 16 cm with 14 cm/1 mm scale

S0903940



Geometry Set (4 pieces)
Crystal-clear, stable plastic, bevelled edges and/or tracing edges

Contents: 30 cm ruler, semicircular protractor, set square 30°/60°, hypotenuse 23 cm, set square 45°, hypotenuse 20 cm

S0221370

Set Squares Sets of 2, 45° and 30°/60° set square
Crystal-clear, stable plastic, tracing edges all round , 1 mm scale

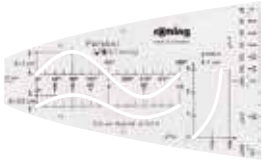
S0237840 45°, hypotenuse 25 cm, 30°/60°, hypotenuse 29 cm
S0237870 45°, hypotenuse 32 cm, 30°/60°, hypotenuse 37 cm
S0237900 45°, hypotenuse 36 cm, 30°/60°, hypotenuse 41 cm

Semicircular Protractor

Crystal-clear, stable plastic, contrary scale,
centring point and bevelled edges
Scaling: 10 cm
S0221230

Standard Parabola ($y = x^2$)

Crystal-clear, stable plastic, bevelled edges on the outside contours,
sine/cosine curves A = 1 and A = 0.5, tangent curve
Size: 123 × 70 × 1.8 mm
S0673400



Burmester Curves Set (3 pieces)

For drawing of universal curves
Crystal-clear, stable plastic, double-sided tracing edges all round
S0221301

Flat Ruler

Crystal-clear, stable plastic, bevelled edge and tracing edge,
1 mm increments

S0220870	Scaling: 16 cm
S0220950	Scaling: 30 cm
S0221450	Scaling: 40 cm
S0221500	Scaling: 50 cm

Plate Ruler

Crystal-clear, stable plastic, textured plate
Scale on both sides, 1 × 1-mm scale, 1 × 0.5-mm scale
S0221020 Scaling: 30 cm

Wooden Ruler

Natural beech wood, bevelled edge, 1 mm increments
S0237930 Scaling: 17 cm

Triangular reduction scales

"Studio" electrical engineering angle template

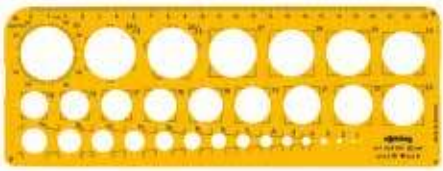
A drawing aid for metalworking students. With 15°, 30°, 45°, 60°, 75°, and 90° angles, mm coordinate graduation, protractor, circles from 1-18 mm dia., and holes for hatching. Symbols and easy-to-combine symbol elements per DIN 40700, Latin and Greek characters in 3.5 mm and numerals in 3.5 and 5.0 mm sizes per ISO 3098/I Bv.

S0238591
162 x 160 x 1 mm
0.35 m 0.3

Circles templates 1-30 mm

Circles of 1-30 mm dia. in 1 mm increments.
With polygon guides and protractor.
Radii 4, 6, 10, 16 mm.
With millimetre ruler and fingerlift.

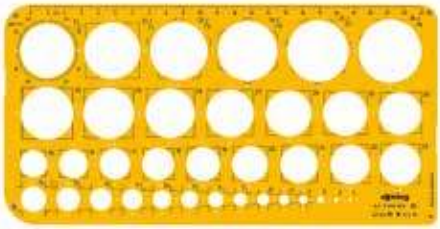
S0221621
255 x 92 x 1.6 mm
0.5 m



Circles templates 1-36 mm

Circles of 1-36 mm dia. in 1 mm increments.
With polygon guides and protractor.
Radii 6, 10, 16, 20 mm.
With millimetre ruler and fingerlift.

S0221691
255 x 129 x 1.6 mm
0.5 m



Radii template

48 radii from 0.5-40 mm,
0.5-2 mm in 0.1 mm increments,
radii per DIN 250 underlined.
Built-in semicircular protractor.
With surface symbols.

S0238341
Ø 160 x 1.6 mm
0.5-0.35 m

Architect´s combination template

Separate layout of symbols for furniture, sanitary fittings, electrical fittings, door openings, level and direction symbols, insulation.

drawing boards

A rOtring drawing board is a robust board of unbreakable and non-warping material enabling stability and direct measurement for the best drawing precision. Available in A4 and A3 sizes, this professional and premium tool offer an ergonomic design for easy and comfortable working.

rOtring drawing table

High-quality drawing table with complete drawing system.

- Complete drawing system with drawing board laminated on all sides
- Anodised aluminium guide track with plastic guide coating
- Parallel straightedge with Stop-and-Go-mechanism
- Drawing head with STOP-and-GO mechanism
- Adjustable plastic tilter

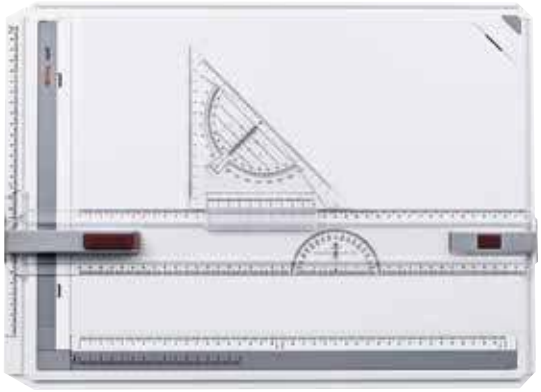
S0213920 A2 (board size 700 x 600 x 16 mm)

rapid drawing board A4 and A3

Top of the line premium board.

- Robust board of unbreakable, non-warping material.
- Two magnetic clamp strips with central pushbutton operation and additional corner clamp at top-right hand corner for easy, secure and exact positioning of the media at all four corners. No danger of wrinkling the media when erasing.
- Parallel straightedge with Stop-and-Go-mechanism and second locking facility on A3 sized boards for added stability.
- Guide rails designed for permanently smooth, feather-light straight-edge movement.
- Media-size markings to aid in drawing the drawing field lines.
- Compass plotting scale for picking up radii quickly.
- Tilters for comfortable working.
- Rapid set square for drawing vertical, horizontal lines and angles, with full accuracy.

.



S0232710 rapid A4

S0213910 rapid A3

rapid drawing board in college case

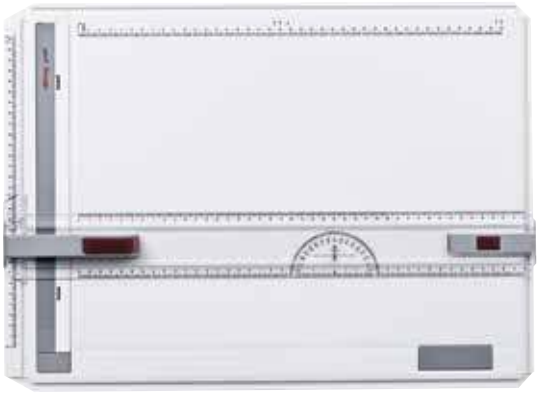
- Rapid drawing board features above.
- Rigid case.
- Features guides to hold the drawing board securely.
- Space for books and utensils.

S0232980 rapid A3 + college case

profil drawing board A4 and A3

Full-featured board.

- Robust board of unbreakable, non-warping material.
- One magnetic clamp strip with automatic hold-open and additional corner clamp for easy positioning and clamping the media.
- Parallel straightedge with Stop-and-Go-mechanism and second locking facility on A3 sized boards for added stability.
- Guide rails designed for permanently smooth, feather-light straight-edge movement.
- Media-size markings and viewing holes for checking the exact placement of the media.
- Compass plotting scale for picking up radii quickly.



S0232430 profil A4

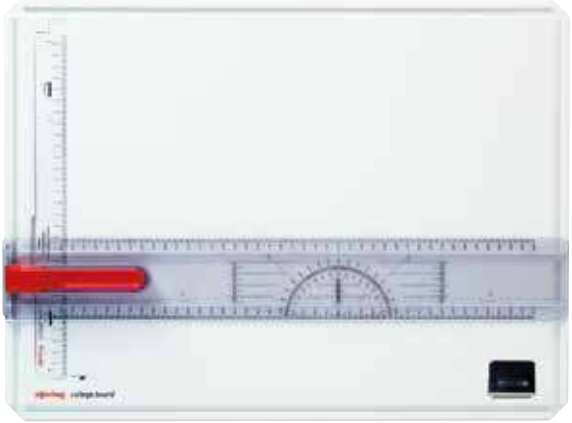
S0213750 profil A3

college board

Drawing board with parallel straightedge.

- One magnetic clamp strip with scale and additional corner clamp for easy positioning.
- Parallel straightedge with Stop-and-Go-mechanism and grip area.
- Straightedge guide slots on all four sides with signal humps.

S0213660



Accessories

Carry bag

Protective carry bag for drawing board.

- Tough weatherproof nylon.
- Detachable shoulder strap.
- Space for books and utensils.
- Empty.
- Available in two sizes for A4 and A3 boards.

S0232160 for A3 boards
S0232200 for A4 boards

College case

Protective case for drawing board.

- Rigid case.
- Features guides to hold the drawing board securely.
- Empty.
- Available in one size for A3 boards.

S0232510 for A3 boards

Professional drawing head

Premium drawing head for drawing board.

- Automatic setting every 15°, locking of any angle in between.
- Free swing-setting.
- Contra-rotating 0-90° scale.
- Break mechanism to lock in position on straightedge.
- Compatible with all rOtring drawing boards (current catalogue).

S0213830

Junior drawing head

Drawing head for drawing board.

- 15° ratchet action.
- Compatible with all rOtring drawing boards (current catalogue)..

S0213680

Rapid set square

Set square for drawing board.

- For direct measurement and drawing of vertical and horizontal lines and angles.
- For hatching.
- Compatible with all rOtring drawing boards (current catalogue).
