A1 PLUS : Feel its Appeal

- Addressable RGB Lighting
- Sirius Loop ASL120 Fans Included
- 650W PSU 80 PLUS GOLD
- Qi 1.2 10W Charging Panel

Expression Through Lights

Personalize your rig with addressable RGB modes! The A1 PLUS features a tinted transparent stand and the addressable RGB lights pierce through to create an awesome lighting experience.

Addressable RGB

Loop in More Color!

The A1 PLUS comes with two complementary Sirius Loop ASL120 fans. The matte black structure is fitted with dual radiant addressable RGB loops. The circular RGB outline is presented on both sides of the fan so lighting is present no matter the fan placement.

* Please make sure your motherboard supports addressable RGB lighting.

* Included RGB controller allows fans to light up without an addressable RGB motherboard.

650W PSU 80 PLUS GOLD

5V and 3.3V DC to DC Design

A 5-Year Warranty

Top Panel Wireless Charger

The A1 PLUS's convenient wireless charging station is now WPC Qi 1.2 certified.
It now emits 10W of power to strengthen the charging capacity to Qi enabled mobile devices and gaming mice.

Squaring Infinite Possibilities

The square structure provides a hassle-free installation, and the capacity to house powerful hardware in its Mini-ITX form.
The A1 supports a CPU heatsink height up to 160mm and accommodates up to 320mm length graphics cards.
