

Argus L-12025 Aura, RGB – stylish fan with RGB effects

The smooth-running 120mm RGB LED fan from Argus offers a stylish effect with its 18 RGB LEDs and also lights up the interior of the case.

Rubberized pads in the fan corners, on both sides of the fan, provide a vibration-free operation, leaving open the option of whether the fan should suck in cool air or blow the warm air out of the case.

The connection is made via a 4pin PWM connector on the motherboard and is additionally connected to the 12V RGB header of the motherboard, which is responsible for the synchronous color change of all connected components.

- ✓ 18 RGB LEDs with rich colors
- ✓ Vibration-free operation thanks to rubberized pads
- ✓ Connection via 4pin PWM
- ✓ Color control via 12V RGB header on the motherboard

Specifications

Fan Dimension (H/W/D)	25/120/120mm
Fan Speed	1500rpm
Rated Voltage	12V
Power	3.9W
Air Flow	59.46cbm/h
Noise Level	30dBA
Connector	4pin PWM
Package Dimension (H/W/D)	1/160/220mm
Weight (net)	120g
Weight (gross)	130g
Packing Units (VE/VPE)	1/78
Warranty	24 Months
Article Number	88885454
EAN-Code	4260455643344
Scope of Delivery	Fan screws Manual (German, English)
Features	Y-connection for 12V RGB motherboards Fluid-bearing Fan with 18 rich RGB LEDs Rubberized corners for vibration-free operation Sleaved connection cables
