Plug Type Fixed Optical Attenuators

Product Specification

ACT Fixed Optical Attenuator using optimized ion doped fiber Technology, consistent quality fixed attenuation performance. We offer SC/UPC connector types, attenuation values 1dB to 15dB range to accommodate specific user requirements. Our Fixed Optical Attenuator easy to use and fixed attenuation value in your systems.

Application

- Telecommunication System
- Fiber Optic Networks
- CATV Networks
- Testing Instrument

Features & Benefits

- Metal ion dope fiber
- Operating Wavelength 1230~1620
- Attenuation levels range from 1~15 dB
- Easy to connect /disconnect
- All products passed 3D inspection

Specification

Item	Specification
Connector Type	SC
Polishing Type	UPC
Material of the ferrules	Zirconium oxide
Attenuation Value	1~15dB
Operation Wavelengths	1310/1490/1550nm
Return Loss	≥50dB
Operation Temperature	-40°C to +75°C
Storage Temperature	-40°C to +75°C

Product Code

Type nr.	Attenuation
EA4001	1dB
EA4002	2dB
EA4003	3dB
EA4005	5dB
EA4007	7dB
EA4010	10dB
EA4015	15dB
