The trimmer and its multi-comb set offer 11 length settings from 0.5 to 16 mm in 1 mm precision steps for shorter and longer beard styles. The narrow design of the precision trimmer attachment makes it easy to create sharp edges and fine details. Clean up your cheeks, chin and neck with the metal trimmer to finish your look.

Effective body grooming

Efficiently trim your body hair with the click-on body comb.

Easy hair clipping

With the trimmer's multi-comb system you can choose length settings between 0.5–16 mm to create your hairstyle at home.

Nose/ear trimming

Avoid nicks and cuts as the all-in-one trimmer quickly removes unwanted nose and ear hair.

Self-sharpening steel blades

Stainless steel blades remain as sharp as day one for long-lasting performance. No oil required.

BeardSense technology

The trimmer scans the beard density 125 x per second and boosts power exactly when you need it to tackle dense, bushy or longer beards.

Up to 120 minutes runtime

A powerful lithium-ion battery provides up to 120 minutes of runtime with a 5-minute quick charge option for long life and maximum power.

100% showerproof

The trimmer is water resistant, so you can use it comfortably in the shower and clean it easily under the tap.

Battery indicator

A battery indicator lets you know your battery status: low, empty, charging or full. So you never get caught with an empty battery in the middle of your trim.
