

# POS-5001 Gigabit PoE bt to USB-C PD 3.0 Splitter

## Product Images

## Short Description

---

- 10/100/1000Mbps wire speed transmission and reception
- Intergrates Non-PoE devices with Power Over Ethernet support
- Safeguards network device with short circuit protection
- Reduce installation and network equipment costs
- Compact splitter supports Gigabit speeds
- Supplies power up to 45 watts

## Description

---

The LevelOne POS-5001 Gigabit High Power PoE Splitter splits a networked PoE Signal into separated power and Gigabit data sources. This device allows administrators to run Gigabit speed PoE cables over long distances and then split the PoE signal into separated data and power sources in order to network non-PoE devices. Active splitters are aslo available in the following output voltages (5V~24V) USB Type-C.

## Additional Information

---

|                        |                                                                                   |
|------------------------|-----------------------------------------------------------------------------------|
| Operating humidity     | 0% RH ~ 95% RH                                                                    |
| Operating temperature  | 0°C ~ 40°C                                                                        |
| Storage humidity       | 0% RH ~ 95% RH                                                                    |
| Storage temperature    | 0°C ~ 70°C                                                                        |
| Indicators             | Power / Link/Act                                                                  |
| Standards              | IEEE 802.3af IEEE 802.3at IEEE 802.3bt                                            |
| Port Configuration     | RJ-45, USB Type-C                                                                 |
| Features               | 10/100/1000Mbps wire speed transmission and reception 5-24V output Via USB Type-C |
| PoE Features           | Maximum power output up to 50W.                                                   |
| Product weight (kg)    | 0.08                                                                              |
| Color                  | Black                                                                             |
| EAN                    | 4015867231128                                                                     |
| Model Number           | POS-5001                                                                          |
| Package Contents       | POS-5001                                                                          |
| Power consumption      | <2W                                                                               |
| Dimensions (W x D x H) | 80x53x24                                                                          |
