

Model: 3U-30765

Art.: 88887385

The 3U-30765 is a versatile 3U server case with removable HDD cages.

Up to five hard disks fit into each HDD-cage, without screw or tool. One 120mm fan in each HDD-cage cools the hard disks and is exchangeable without open the case.

If not so many 3.5" drives are required, the HDD-cage can be removed from the housing and three 5.25" drives can be installed instead of each HDD-cage.

Three additional 120mm fans on the center bar of the case increase the airflow and protect your components from overheating. In addition, two 60mm fans are installed in the rear panel, which together ensure a perfect airflow.

Features		5x 120mm fans and 2x 60mm fans HDD-cage removable Separately exchangeable front fans 5 perforated slot brackets
Size	Mainboard	Mini-ITX, Micro-ATX, ATX, E-ATX, SSI CEB, SSI EEB max. 330 x 305 mm
