(EN) TECHNICAL SPECIFICATION

Rated voltage:	230 V~, 50 Hz
Max load:	3680 W
Max current:	16 A
Accuracy:	+/- 1%
Display:	electrical voltage and current, energy consumption, cost of energy consumption
Type:	single rate
Socket standard:	CEE 7/5 (E)
Plug standard:	CEE 7/7 (E/F)
Working temperature:	-10°C — 45°C
Size:	57 × 76 × 108.5 mm
Weight:	119 g

The AE-02 power meter is an innovative device that will provide you with the ability to comprehensively monitor electricity consumption in your home. Thanks to precise measurement and advanced functions, it will help you optimize your expenses and strive for more efficient use of energy. The Savio AE-02 has been designed with ease of use in mind. Its large, ergonomic buttons allow intuitive navigation through the different display modes. Thanks to them, you can easily know the results of measurements of voltage, power consumption, amount of energy consumed and the cost of energy consumption, which will affect making informed decisions regarding electricity expenditure.
