

135623 Cat.6A Shielded Junction Box

Product Images

Short Description

1. Cable Wire Gauge: 22AWG ~ 26AWG
2. IDC T568A/T568B Color Coded
3. Shielded
4. Class Ea according to ISO/IEC 11801 and EN50173
5. Durability: up to 200 punch

Description

The equip® Cat.6A Shielded Junction Box is a critical component in networking, facilitating secure connections for Cat.6A shielded Ethernet cables. It features electromagnetic shielding to minimize interference, preserving signal integrity in demanding environments. Typically employed in structured cabling systems, this junction box streamlines cable connections, enhances network reliability, and maintains consistent high-performance levels. Its user-friendly design simplifies installation, making it ideal for various settings, including commercial spaces, industrial facilities, and data centers. Built for durability and engineered to be compatible with Cat.6A shielded cables, this junction box plays a crucial role in managing cable connections efficiently, ensuring the continued quality of network communications.

Additional Information

Approval and compliance CE, RoHS, REACH	
Category	Cat.6A
Shielded	Yes
Product weight (kg)	0.0525
Color	Silver
EAN	4015867233931
Model Number	135623
Package Contents	135623
Dimensions (W x D x H)	84 x 37 x 23 mm
