Description

The Equip 650860 Deluxe Cable Management is a flexible, modular system designed to organize and protect cables. It features a durable, lightweight aluminum spine with adjustable mounting brackets and a variety of accessories to customize the system. cord manager orderly routes power cords, electrical and AV cables from the floor to your laptop or monitor.

A weighted base provides stability for the spine and the cords routed through it. Slide each cable through the slot into one of four channels within the cable manager, to keep cables organized and help prevent trips over cables on the floor.
