

CPS-BACK TO BACK RAIL ADAPTER FOR POLE-SERIES
comPROnents® component

Item no.: 3226

- back-to-back rail adapter (enables two-sided installation of displays)
- enables a conjunction of the CPS-Poles with the CPS-Alu Rails
- almost all configurations can be generated through conjunction with various parts of the comPROnents series
- several adapters can be used per pole if required
- material: steel
- impact- and scratch-resistant powder coating
- colour: black
