AVerVision F50+

Flexible Arm Interactive Visualiser
(Document Camera)

The AVerVision F50+ is an all-new premium addition AVer's visualiser range. Featuring a 4K 13 megapixel lens capable of 60 fps and a high-speed autofocus with 10X optical zoom, the AVerVision F50+ provides images unlike anything you have ever seen. Sharp images and fluid actions through the F50+'s flexible arm make teaching more interactive than ever. Creating an engaging and fun learning environment has never been easier.

13 MP

4K Ultra HD 60fps

230X Total Zoom

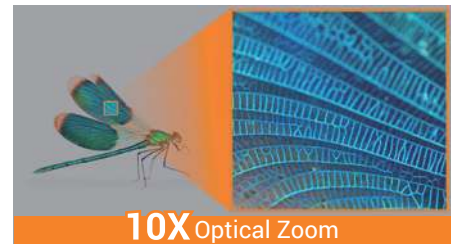

HDMI

5-Year Warranty

13MP with 230X Total Zoom

The 13-megapixel sensor together with 10X optical zoom helps teachers turn any teaching material into vivid content.

60fps in 4K Ultra HD Quality

Featuring excellent video quality 4K at 60fps, teachers and students enjoy smooth live images by connecting the F50+ to an interactive flat panel (IFP) or any other display via HDMI.

Simple One-Touch Capture/Recording

Simply adjust the flexible gooseneck to capture a still image or start video recording. Create digital teaching content like never before.

Handy Annotation

Annotate with ease by using the AVerTouch with the F50+. Easy and intuitive features enrich the learning experience with unprecedented interactivity.

Included AVerTouch Software Enhances Remote Teaching

Powerful AVerTouch software exclusively designed for AVer visualisers comes included. One touch connects your visualiser with your computer for easy content sharing, and cloud sync support offers automatic annotation, capture, and recording backup. AVerTouch engages students online and offline.

With the F50+, you can display...

- Film slides / Filmstrips
- Real-time movements
- Documents
- 3D objects
- X-rays

Show images to your audience through...

- Interactive flat panel
- TV monitor
- Projection screen
- Digital monitor
