# The latest evolution in world-class keyless smart door locks.

Euro Profile Cylinders  
and 22mm Round Cylinders

**Say goodbye to the hassle of losing keys or fumbling for them on your doorstep.**

Designed for security and convenience, the Yale Linus® Smart Lock L2 will automatically lock the moment you close your door, unlock when it senses you near and can be programmed to unlock and lock at specific times of the day.

Grant access to trusted individuals with your phone using the Yale Home app and see when your door is accessed thanks to the detailed Activity Feed. Provide guests with more keyless accessories such as the Yale Dot or the Yale Smart Keypad.

#### **App control**

Easily manage your smart lock and stay connected to your home and family, even when you're away.

#### **Multiple access options**

Flexibility to use your phone, keyless accessories like the Yale Dot and Smart Keypad, or convenient automation settings for your door.

#### **Interoperability**

Works seamlessly with other Yale products and leading partners like voice assistants, Airbnb, and Philips Hue smart lighting.

- Keyless access
- Activity Feed
- Real-time notifications
- Guest management
- Multiple connectivity options
- Connect and control all your Yale smart products from a single app

**Trusted every day**
