

FE58 ELECTRIC OVEN WITH CONVECTION AND ROTISSERIE FE58

GRANCOTTO 58

DESCRIPTION

GRANCOTTO 58 is easy to use and very capacious with its 58 liters cavity. It is possible to cook 2 dishes at the same time, and thanks to limited power consumption it is a valuable auxiliary kitchen appliance. The convection function offers the possibility to cook food in a shorter time. It is easy to carry and useful in many different situations both indoor and outdoor. The high inner temperature, up to 300 degree, and the special round tray, make this oven very good also for cooking pizza and similar dishes. The rotisserie accessory and the 6 cooking functions make this oven a "Full Function" appliance.
