Reliable, high-quality color printing, scanning, copying, and faxing. Designed for business work teams that need professional performance with fast, high-quality color printing, scanning, copying and faxing, laser productivity, and award-winning reliability^[1] in a space-saving design.

Dynamic security enabled printer Certain HP printers are intended to work only with cartridges that have a new or reused HP chip or electronic circuitry. These printers use dynamic security measures to block cartridges using a non-HP chip or electronic circuitry. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. Reused HP chips and electronic circuitry enable the use of reused, remanufactured, and refilled cartridges.
