i-tec USB-C Adapter

i-tec USB 3.1 Type-C for 3.1/3.0/2.0 Type-A adapter to connect your USB devices (e.g. HUB) to the new Type-C connector (e.g. MacBook)

PRODUCT DESCRIPTION

With this adapter, you can connect your USB devices such as hubs, docking stations, video adapters, external hard drive enclosures, etc. from i-tec and other manufacturers to your notebook, tablet, PC or smartphone, which features a new USB Type-C connector. It has **1x USB 3.0 port** for connecting your current USB 3.1/3.0/2.0 devices and high-speed data transmission (5 Gbps).

The adapter is suitable for use with Apple MacBook 2015, Chromebook Pixel 2015, and other devices with the USB Type-C connector. The new **USB Type-C connector** has many advantages, it is smaller, symmetrical and allows the easy connection because now you don't need to take care of the connector rotation. You will appreciate compact size and low weight of the adapter, especially during travels.

In case of problems with the installation, technical difficulties or incorrect function of the equipment, check first for the possible solution in the FAQ tab.
