605807 Cat.6A S/FTP Patch Cable, Angled to Straight plug, 0.5m, White

Product Images

Short Description

- 4 x 2 AWG 26/7
- 500MHz performance Bandwidth
- Transmission: 10Gbit
- Suitable for PoE, PoE+
- Stranded bare copper conductor
- Foil and braid shield Reduces EMI/RFI interference
- PIMF (Pairs in metal Foil)
- Molded boot with Strain relief
- RoHS compliant
- Low Smoke Zero Halogen (LSZH/LSOH)

- Diameter cable jacket: (approx.) 6 mm
- RJ45 plug straight to RJ45 plug angled, ideal solution for minimum space

Description

The Cat.6A S/FTP Patch Cable with an Angled to Straight plug is a high-performance Ethernet cable designed for various networking applications. Its unique feature is the angled connector on one end and a straight plug on the other. This design reduces cable strain and allows for efficient cable routing in tight spaces.

The cable is constructed with S/FTP (Shielded Foiled Twisted Pair) technology, providing excellent protection against electromagnetic interference (EMI) and ensuring optimal signal quality. It's compatible with Cat.6A standards, capable of supporting high-speed data transmission up to 10 Gbps.

The angled connector allows for easy and secure connections, even in areas with limited space. It's suitable for use in professional networking environments, data centers, offices, and home setups where reliable and high-speed connections are essential.

Additional Information

Color	White
EAN	4015867235164
Model Number	605807
Angled Plug	Yes
Flat cable	No
Shielded	Yes
Shielding	S/FTP
Connector 1	RJ45 male
Connector 2	RJ45 male
Approval and Compliance	RoHS, REACH
Package Contents	Cat.6A S/FTP Patch Cable
Product weight (kg)	0.0292
Cable length	0.5m
Cable Length	0.50m
Dimensions (W x D x H)	6 x 6 x 500 mm
Conductor material	Copper
Conductor size (AWG)	26AWG
Jacket material	LSZH
Category	Cat.6A
