* Preise inkl. gesetzlicher MwSt. zzgl.Versandkosten

Marke: INL
Bestell-Nr.: 17002W

- High Speed HDMI cable with Ethernet
- Flexible angle HDMI plugs
- Gold-Plated HDMI contacts
- Three-layer shield for optimum signal quality
- Twisted-pair construction of the main signals internally for best shielding
- Transmits HD video and audio signals
- Good conductivity and signal transmission through wonderful copper strands
- HDMI Ethernet Channel (HEC): Adds high-speed networking to an HDMI connection so that users can use the full value from their IP-enabled devices without a separate network cable (if the devices support HDMI with Ethernet)
- Audio Return Channel (ARC): Allows an HDMI-connected TV with built-in TV tuner, the audio data by "upstream" to a surround audio system to send, so a separate audio cable is not needed anymore
- 3D over HDMI: Defines input and output protocols for major 3D video formats, paving the way for true 3D games and 3D home cinema . applications
- 4K x 2K Video Support: Enables video resolutions beyond 1080p, support for display of the next generation
- other color spaces. support for additional color models in the digital photography and computer graphics used
- for the following applications: HDTV, PC / notebook, Xbox360/PS3, Blu-ray DVD / HD-DVD, projectors
- Compatible with all previous HDMI cables
- Black cable
- Rotating/angled plugs can be used flexible, ideal for wall mounting of flat-screen television
