Wireless Transparent PS4 Pro Controller with RGB, Touchpad, 2x Macro Buttons

DELTACO GAMING

- Touchpad
- Bluetooth 5.3
- Motion sensors
- 2x Macro buttons
- 2x vibration motors
- 2 years warranty
- Rechargeable battery: 1000 mAh
- High-precision 3D joystick
- Adjustable RT & LT Triggers
- Compatible with PS4, PC (via XInput), Switch, Android & iOS

Elevate your gaming experience with our wireless controller for PlayStation 4! It features a high-precision 3D joystick, 2 programmable macro buttons, and 2 vibration motors for immersive gameplay. Its transparent design adds a unique touch, while features like the touchpad and motion sensors provide precision control. Connect via Bluetooth 5.3 or USB-C.

Take your gaming experience to a whole new level with this wireless Playstation 4 controller! Featuring adjustable high-vibration feedback that provides a captivating physical response, this controller will immerse you in your game like never before.

And the customizable LED lighting? It's like having your own personal light show. Whether you want your entire controller to light up or just your buttons, you can adjust the LED lighting to fit your vibe. The controller is also highly versatile and user-friendly, with precision controls that will make your enemies quake in their boots.

The high-precision 3D joystick gives you unparalleled control over your movements, while the adjustable turbo button allows you to perform repeated actions with just one press.

The controller also has adjustable RT and LT triggers. You can switch between two modes, long & short mode, by flipping the trigger switches on the backside of the controller. This feature gives you the ability to customize the sensitivity or responsiveness of the trigger buttons. For FPS games the short mode delivers quick reaction when you shoot (0% or 100%) In racing/car games the triggers should be used in "long" mode since the triggers then register how far down you press them which is good when you use them to accelerate.

It is compatible with Nintendo Switch, PC (via XInput) and Android via Bluetooth 5.3
Package contents: Wireless controller, 1 m charge cable and manual

SPECIFICATIONS

Color	Transparent
Product depth	66 mm
Product height	140 mm
Product weight	0.32 kg
Product width	155 mm
Warranty	2 years
