Highlights

360-degree sound pick-up

Sound pick-up from a 360-degree radius for a perfect recording experience.

Innovative meeting microphones

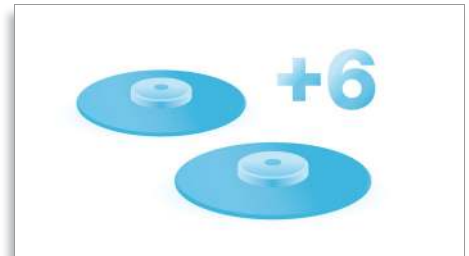

The innovative boundary layer design of the included meeting microphones uses the sound pressure of the table to provide excellent sound and recording quality with a 360 degree sound-pick up radius.

Built-in wire storage

The innovative meeting microphones offer built-in wire storage and length adaption for a clean and tidy conference table.

Extendable solution

Easily extend the recording range of your Pocket Memo meeting recorder by simply connecting up to six meeting microphones.

Fast and easy set up

The fast and easy set up of the meeting microphone allows a hassle-free installation.

No microphone stand required

The Philips conference microphone does not need a stand to set it up and therefore offers outstanding ease of use. Revolutionary technology in a straight forward form.
