Highlights

Designed for the comfort of your eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

Glass Clear Design

The look you love, the performance you expect. Classic clear glass designs that replicate the beautiful sparkling light of traditional bulbs, for a perfect fit throughout your home.

Dims to a warm glow

With this dimmable bulb, you can dim from a 2200k warm light to a 2700K light. The more you dim, the warmer the light.
