

Smart Watch

EASY SW-54

The Canyon Easy is a daily driver in the world of smartwatches: it is slim, feature-packed, and easy to wear — as the name would suggest. Stylish, functional, and yet affordable.

Its 1.7-inch IPS touchscreen is vivid and beautiful and features four watch faces. The watch is also IP68 waterproof, meaning it can withstand water submersion up to 1.5 meters deep for 45 minutes.

Thanks to Bluetooth 5.3 technology, Canyon Easy offers a stable and fast connection to your smartphone. This watch is designed to help you achieve your health and fitness goals by tracking your steps, calories burned, sleep patterns, and heart rate during workouts. It features 14 sports modes, including swimming and yoga, allowing you to accurately track your physical activity.

Plus, there's a whole set of useful features: notifications for apps and calls, weather forecasts, remote camera and music control, stopwatch, alarm, and "Find your phone" feature.

Battery life is up to 5 days of working time and up to 12 days of standby time. You can use your watch for an entire workweek without charging.

Canyon Easy is a neat smartwatch, a little helper on your hand to make life easier and brighter.

SLIM DESIGN

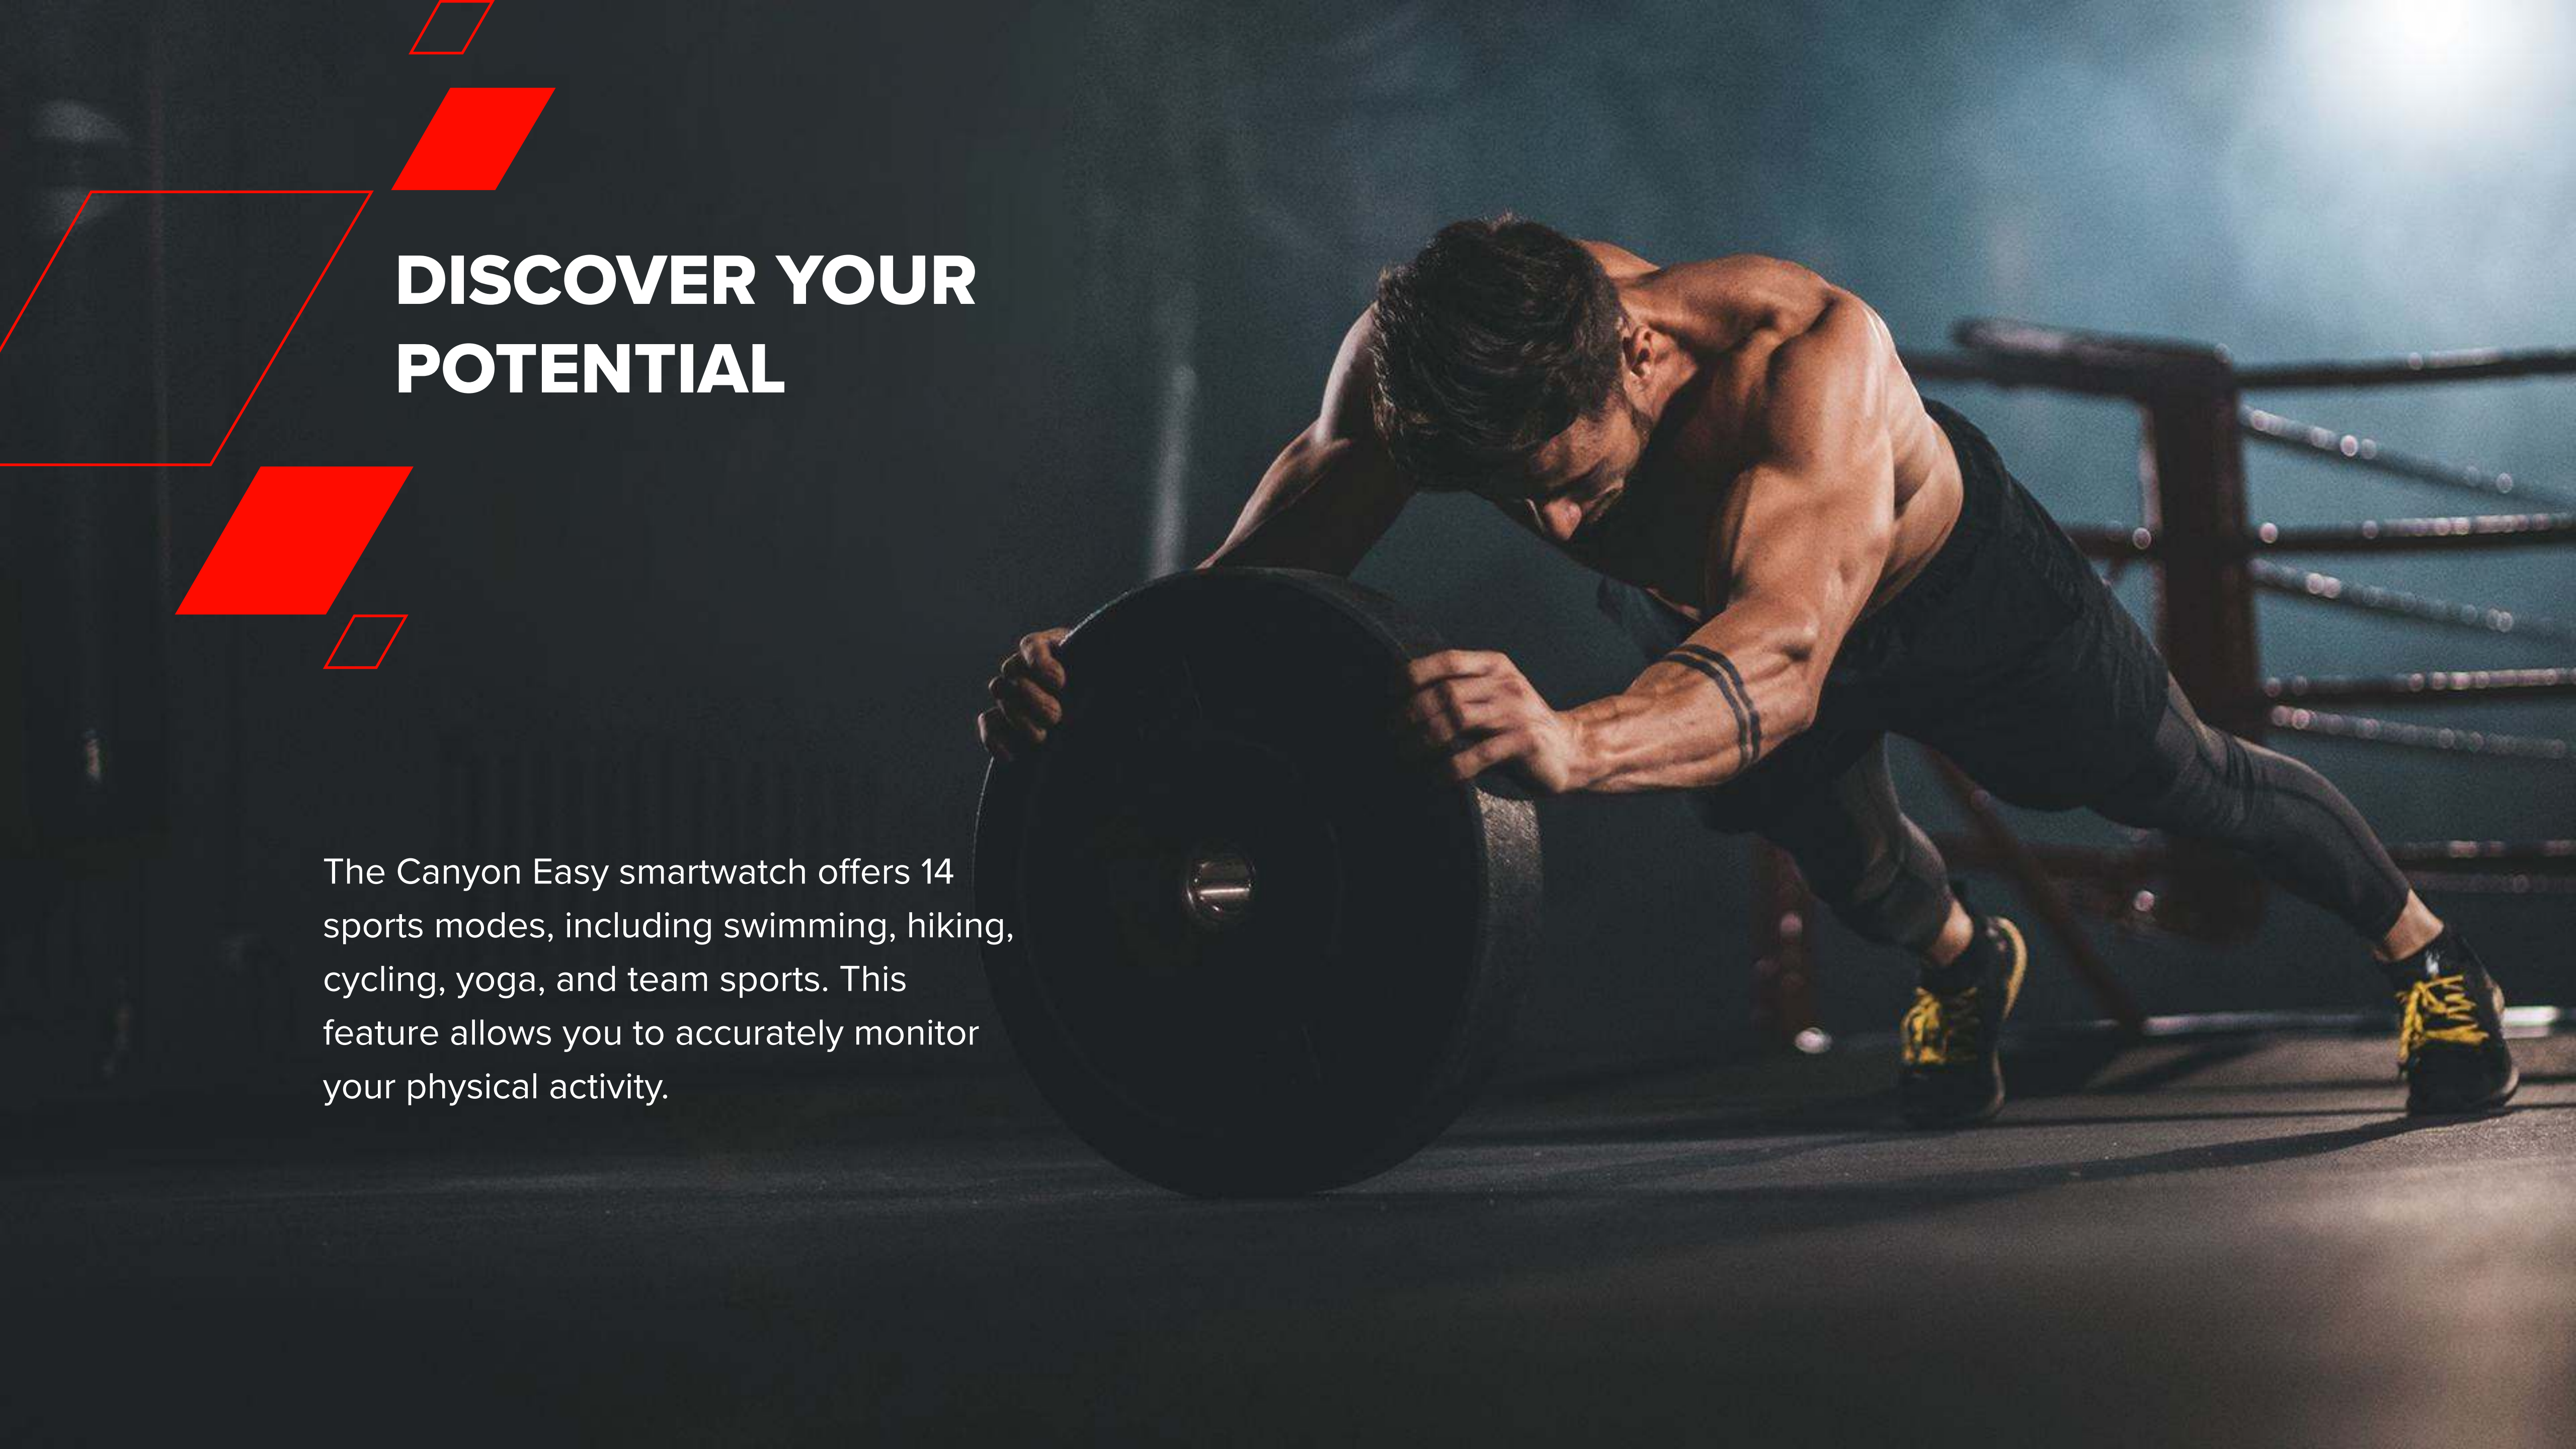

This watch is designed to be as imperceptible as it gets. Its small weight and slim profile make it comfortable to wear 24/7.

VIVID 1.7-INCH IPS TOUCHSCREEN

Canyon Easy's 1.7-inch IPS touchscreen is perfectly readable and colorful. With a resolution of 240×280 pixels, it provides a detailed and sharp image.

A muscular man is shown in a gym, performing a deadlift. He is bent over, holding a large black weight plate with both hands. He is wearing black athletic shorts and black sneakers with yellow laces. The background is dark and out of focus, showing some gym equipment. On the left side of the image, there are several red geometric shapes (parallelograms and rectangles) and the text "DISCOVER YOUR POTENTIAL" in white capital letters.

DISCOVER YOUR POTENTIAL

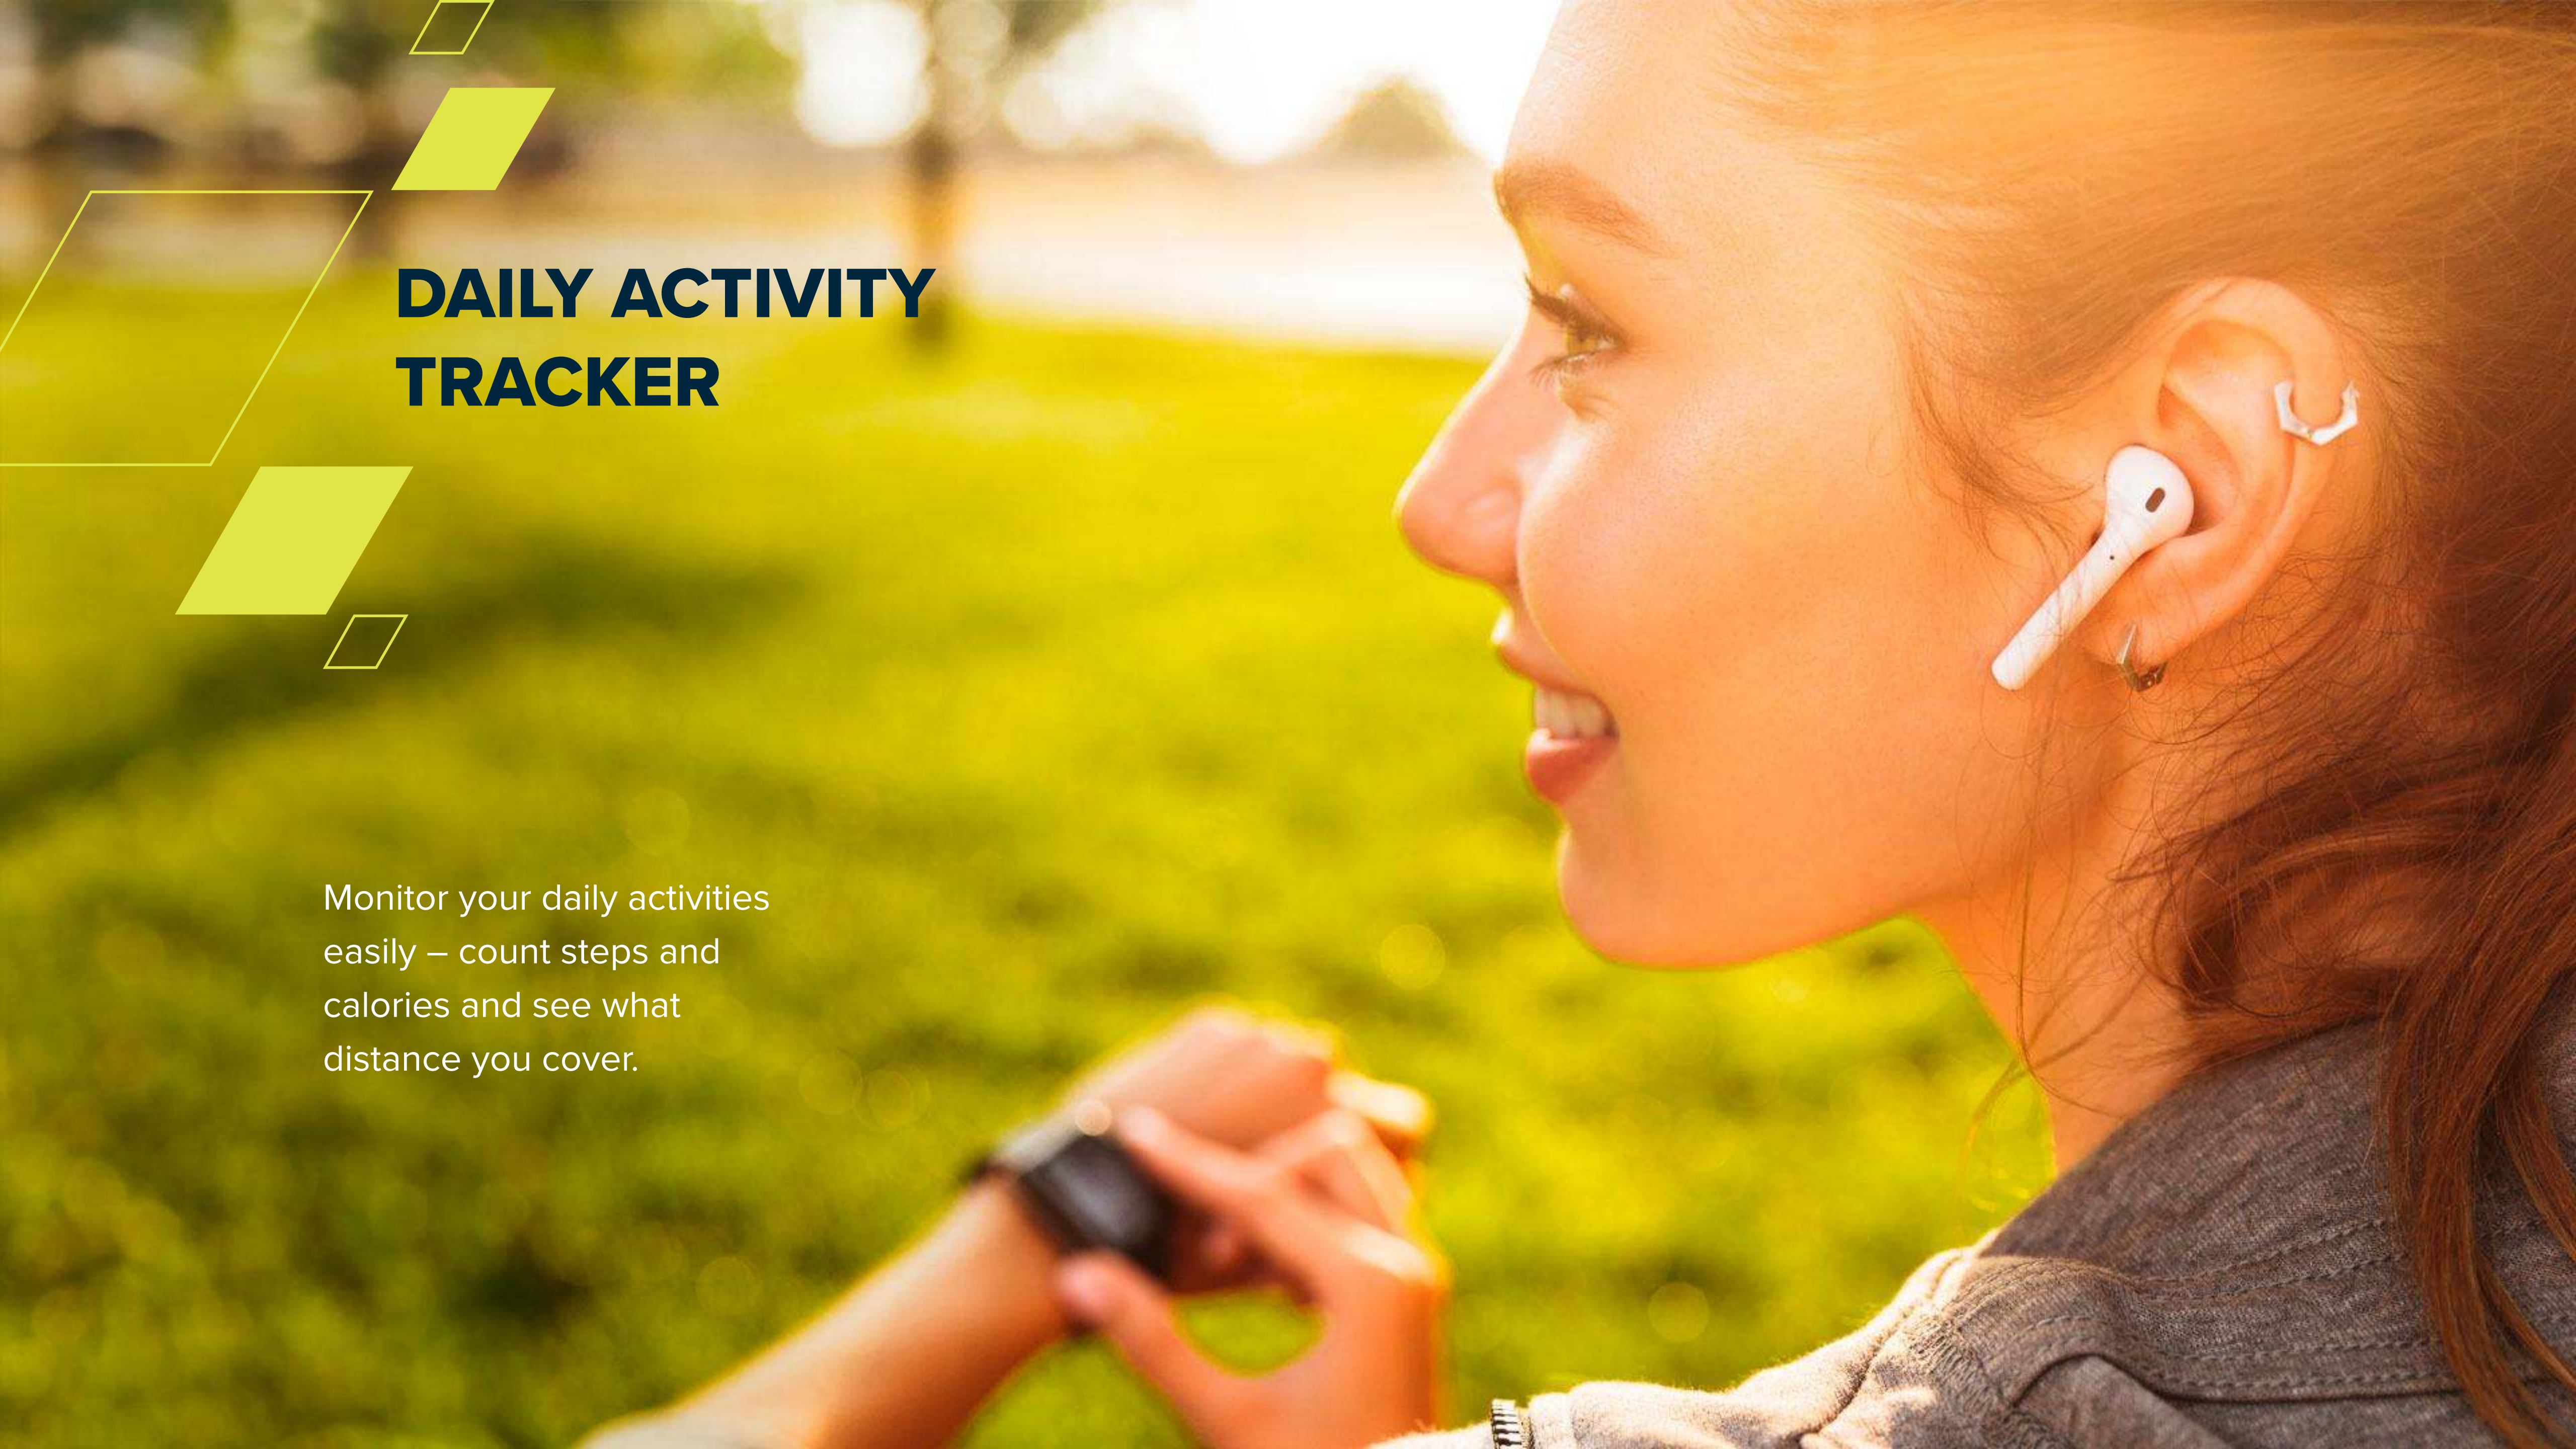

The Canyon Easy smartwatch offers 14 sports modes, including swimming, hiking, cycling, yoga, and team sports. This feature allows you to accurately monitor your physical activity.

KEEP YOUR WELLNESS ON TRACK

This watch helps to improve your well-being. You can track and analyze your sleep patterns and heart rate or receive reminders for hydration and prolonged inactivity. There are breathing exercises to reduce stress and fatigue.

A woman with long brown hair is shown in profile, facing left. She is wearing a black smartwatch on her left wrist and white earbuds in both ears. She is holding a small orange object in her hands. The background is a bright, out-of-focus green field under a warm, golden light. On the left side of the image, there are several yellow geometric shapes: a small parallelogram at the top, a larger parallelogram below it, a large hexagon in the middle, another large parallelogram below the hexagon, and a small parallelogram at the bottom.

DAILY ACTIVITY TRACKER

Monitor your daily activities
easily – count steps and
calories and see what
distance you cover.

HANDY TOOLS ON YOUR WRIST

This smartwatch keeps you connected with its app and push notification feature. You can control your music playback and camera shutter directly from your wrist. The watch also provides weather updates at a glance. The find phone feature lets you quickly locate your device whenever needed.
