HyperX Knight Backpack

MOBILIZE YOUR GAMING HQ.

We built the HyperX Knight Gaming Backpack for gamers who don't want to risk their performance on someone else's gear. It features a clamshell-style opening that makes it easy to deploy your own personal gaming pop-up anywhere you roam. Classic HyperX styling lets you tastefully rep your love of HyperX and gaming while you're out and about. Securely stow gaming laptops as large as 16 inches, plus several other necessary bits of gaming kit like a controller, keyboard, tablet, or more thanks to the Knight's cavernous interior. Internal storage slots carve out compartments for cables, pens, power banks, and other important gear. These easy-access compartments also help simplify the bag check process. A handy quick access pocket offers additional storage for easy access to snacks or other utility items. Is your back getting tired of all that carrying? Tuck the shoulder straps away and use the handy duffel strap to let your arms put in some work or use the luggage handle passthrough to attach it to your rolling luggage.

Key features

Spacious portability for your gaming gear

The voluminous 22.6L interior can fit laptops with up to 16-inch screen sizes. Interior storage compartments are also available for your keyboard, cables, and more.

Transform your bag for versatile portability.

Easily switch things up by tucking the padded shoulder straps into the bag and using the convenient duffel strap.

Endless organization options

With 4 zipper pouches in the main interior, a collapsible bottom pocket for clothes, a front quick access pocket, and more, the HyperX Knight can keep all your gear sorted.

Durable and weather-resistant

Partially built from tough, post-consumer recycled 600D polyester, this backpack is tear-resistant and weather-resistant, providing safe, dry storage for your gear.

Classic HyperX styling

Featuring the classic HyperX colorway, custom zipper pulls, unique interior lining, and a removable HyperX patch. Show your love of gaming and the HyperX brand while you're on the go.

Pack it all and carry-on

HyperX Knight complies with most airlines' carry-on size regulations[1], and the clamshell design simplifies bag checks. Easily attaches to rolling luggage with its built-in luggage handle passthrough.
