** Compared to Philips HD6301 without drip hole design, using beef burger.

Highlights

Digital temperature control

Set exactly the temperature you need for juicy, perfectly cooked meals. Grill sandwiches, meat and vegetables just the way you like them.

8 preset functions

Enjoy grilling with 8 preset buttons for defrost, burger, fish, chicken, vegetables and meat (rare, medium and well done).

Temperature probe

Grill meat to your own personal perfection with an integrated temperature probe.

Timer

Avoid overcooking with an integrated timer that stops heating when grilling is complete.

Easy to clean

Non-stick plates and grease tray are easily removed to make clean-up a breeze.

High power

2200 Watts of power heat the grill plates quickly and maintain a precise, constant temperature for perfect results.

Adjustable height

Easily adjust the height of the top grill plate for thicker foods or open-faced sandwiches.

Large grill surface

Whether you're cooking for one or many, the large grilling area handles it all.

Removable non-stick plates

Whatever you make, grilling and clean-up are easy with removable, non-stick grill plates.
