WH OH24B

Item no.: 5749

Outdoor wall mount, display specific for Samsung OH24B

The WH OH24B is a highly weather proof outdoor wall mount, which was developed specifically for the outdoor screen Samsung OH24B.

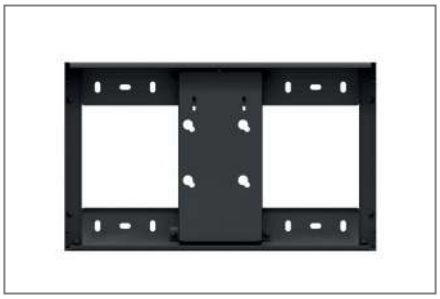

The Samsung OH screens are already water proof and dust proof according to the IP56 standard and can be used in an ambient temperature range from -30 °C to +50 °C. In addition, the display front consists of 5 mm thick, robust protective glass, which has been certified with IK10 (IK = European impact resistance level).

The screen mount is display specific. It can be mounted in portrait or landscape orientation.

All-round ventilation openings prevent heat build-up and thus protect the screen from overheating.

The surface of the wall mount is finished with a highly weather proof, corrosion resistant plastic powder coating in black (RAL 9005).

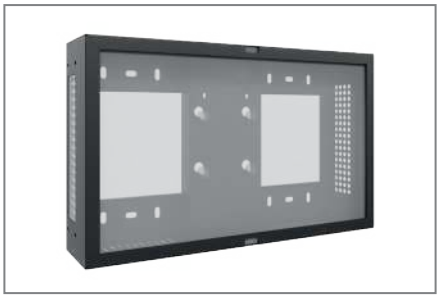

Optionally, an all-round cover set can be mounted. Cover-Set WH OH24B | Item no.: 5748.

Display specific mount

Ventilation guaranteed all around

Optional: Cover-Set WH OH24B | Item no.: 5748
