Warnings!

- StarTech.com Ltd. is not responsible for any property damage and/or personal injury resulting from the installation procedures outlined in this technical document.
- Read the entire manual and ensure the instructions are fully understood before assembling and/or using this product.
- This product is designed to be installed on wooden studded, solid concrete, or cinder block walls only.
- Before adding equipment to this product, ensure this product has been properly mounted.
- Never operate this product if parts are missing or damaged.
- The mounting hardware included with this product might not be adequate for some wall structures. If lacking the necessary expertise to wall mount this product, contact a construction professional to install the wall mount or to provide specific mounting instructions for the wall structure.
- Ensure the weight of the equipment does not exceed the weight capacity of this product. If the weight capacity is exceeded, personal injury or damage to the

equipment are possibilities. These products can support the following weight:
up to 7kg (15.4lb).

- Ensure the type of wall structure and mounting hardware will properly support the mounted equipment. Failure to do so might result in personal injury and/or equipment damage. The wall structure should be capable of supporting at least four times the weight of the mounted equipment.
