- Pro with Retina display
- Unidirectional HDMI to VGA transmission
- Supports resolutions up to 1080p 60Hz
- Simple Plug and Play installation
- Cable length: 25cm

Description

The HDMI to VGA Adapter is ideal for connecting HDMI-enabled laptops, PCs, or Xbox consoles to VGA displays such as monitors or projectors. This adapter ensures a clear and high-quality image, making it perfect for presentations, video playback, and extending your display.

*This adapter is not compatible with low-voltage HDMI devices such as PS4/5, Apple TV, Mac Mini, MacBook Pro with Retina Display, Blu-ray players, and cameras.

*This adapter is uni-directional and does not support connections from a VGA source to an HDMI display.
