

Product name: ENDORFY Crystal Black L
Product code: EY6B007

Water-resistant fabric with a dark, crystal-like graphic pattern, detailed hem with a print, and a non-slip underside – everything you need for a high-quality mousepad designed for precise and dynamic movements. ENDORFY Crystal Black L pad brings a touch of style to your desk.

Black crystal under your mouse

If you're looking to add some flair to your workspace, the ENDORFY Crystal series is just what you need. The black variant, ENDORFY Crystal Black L, offers a fresh look. The dark pattern, printed on fabric that works seamlessly with either optical or laser sensors, resembles a crystal and elevates the aesthetics of your desk. Its large size of 450×400 mm gives you plenty of space for wide mouse movements.

Extra hem

We've also gone the extra mile with the edges of ENDORFY Crystal Black L. The colored hem not only complements the printed design but also ensures durability, preventing fraying as you might see with basic pads that lack reinforced edges.

Always steady on the desk

Even during fast-paced gaming or work sessions, ENDORFY Crystal Black L stays firmly in place. The high-quality black rubber layer on the underside keeps the pad stable, ensuring your mouse movements are always precise.

Damp-proof

Sweaty hands on a hot day? Some condensation on your mug? No problem – ENDORFY Crystal Black L is moisture-resistant, so you don't have to worry about its durability.

ENDORFY Crystal Black L – main features:

- Printed pattern surface
- Printed hem
