Wirelessly charge up to three devices anywhere using the latest Qi2 technology.

Wireless Qi2 iPhone Charging up to 15W

No more waiting around for your devices to charge. Wirelessly charge 2X faster with the power of Qi2, the latest in wireless charging technology, delivering up to 15W of charging power to fast charge Qi2-enabled devices. Providing optimal energy usage and safeguarding your device's battery life, ensuring you stay powered up and ready for anything.

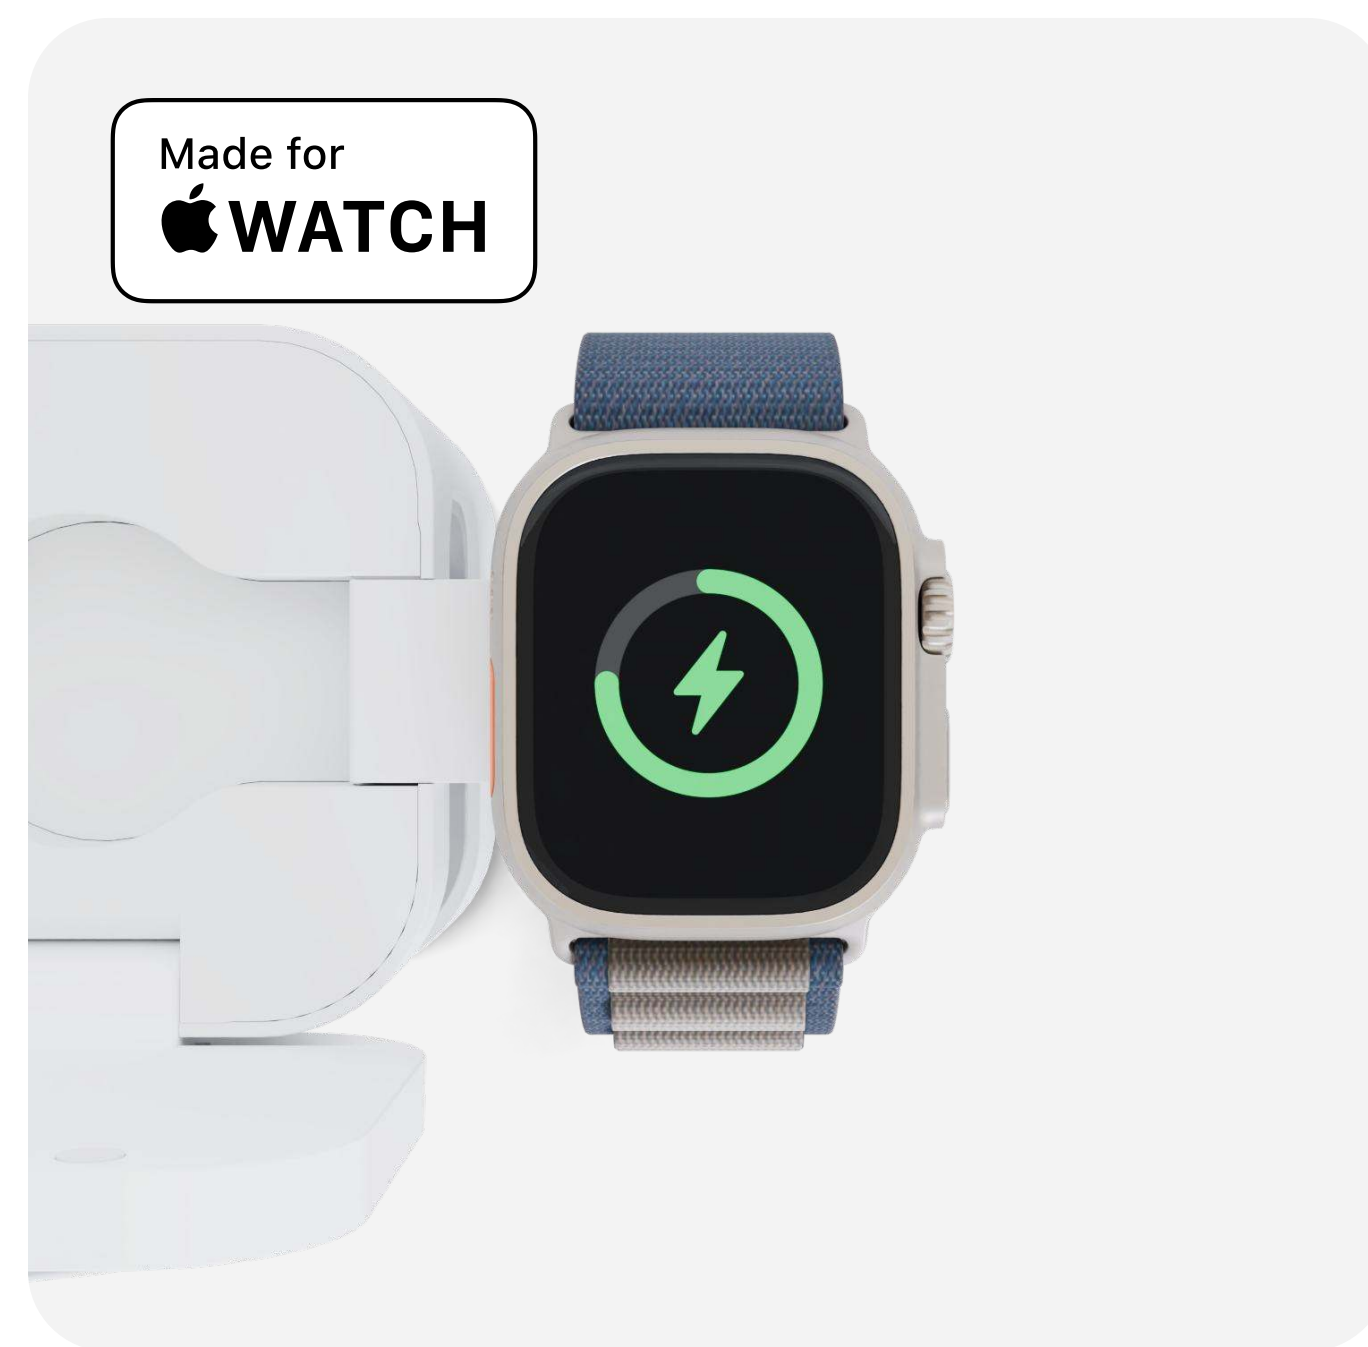

Charge Three Devices Simultaneously

No more juggling chargers and cables. Power up your iPhone (up to 15W), Apple Watch (up to 5W), and AirPods (up to 5W) all at once. Perfect for Apple users that want to ensure essential devices are always charged and ready.

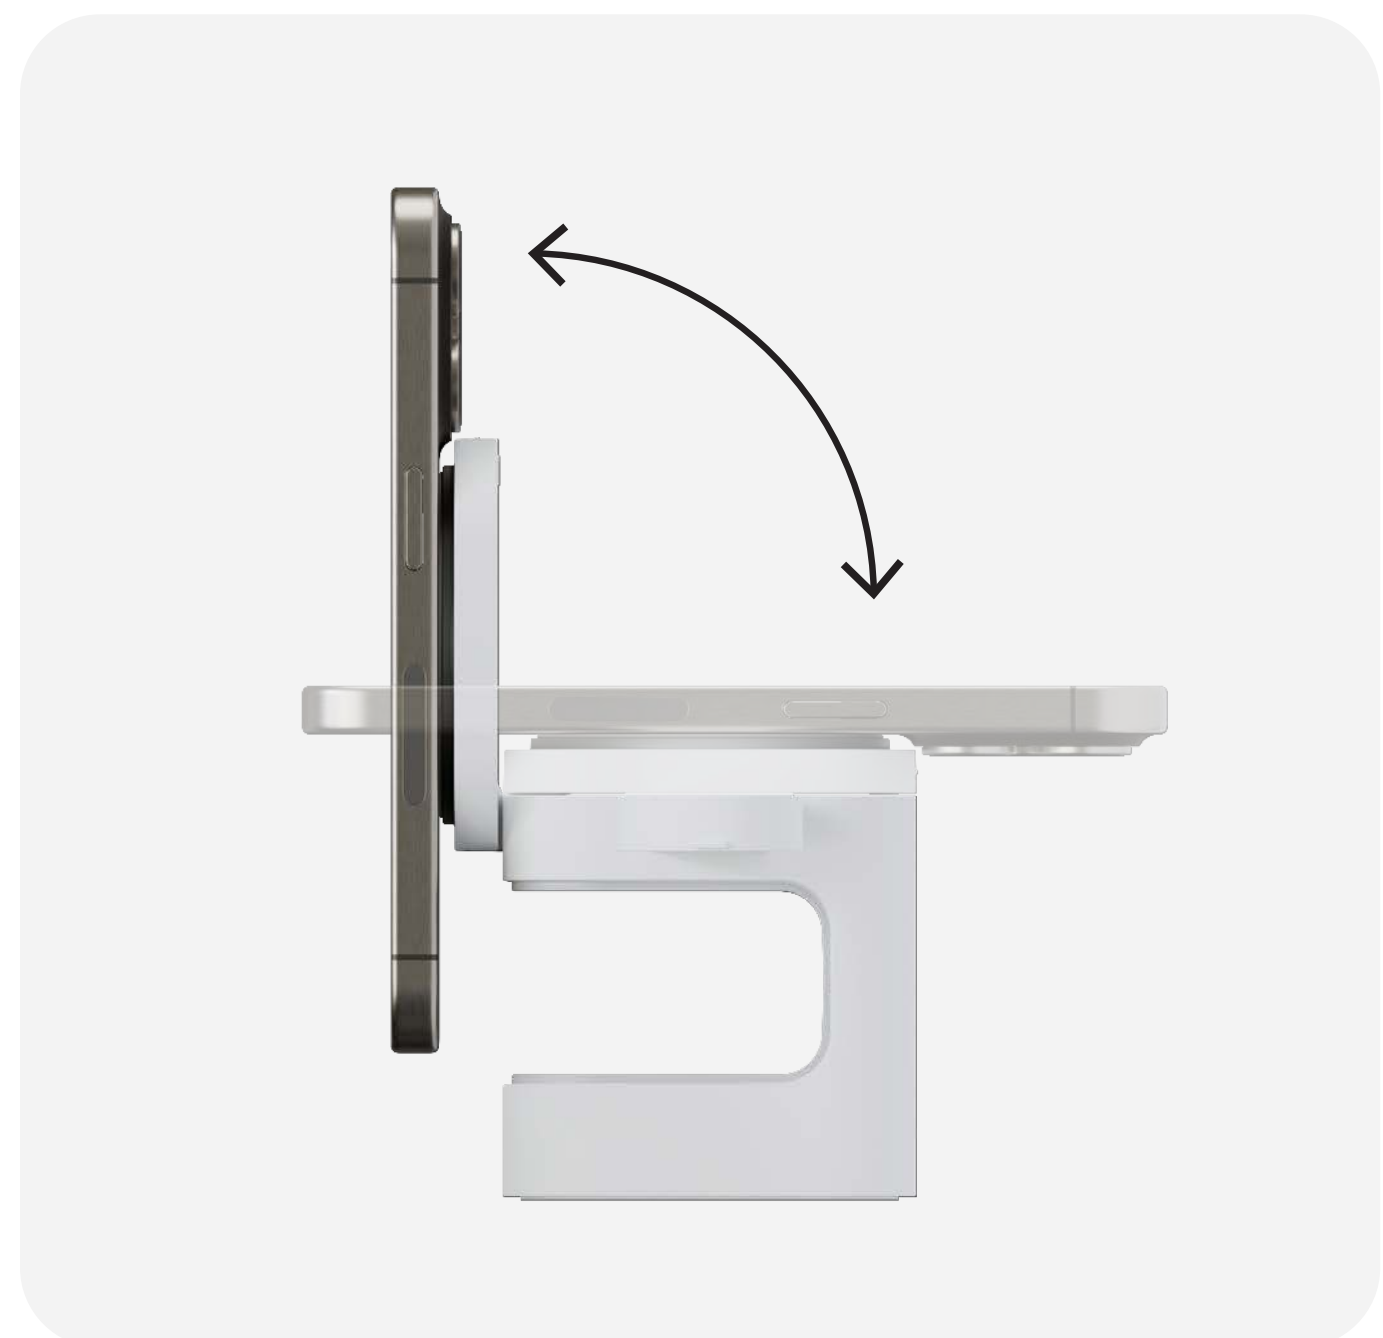

Portable, Compact Design

Featuring foldable charging modules, it has been designed with portability in mind. Whether you're packing for a business trip or a weekend getaway, this stand fits snugly into your bag, ensuring you have a reliable and compact charging solution wherever you go.

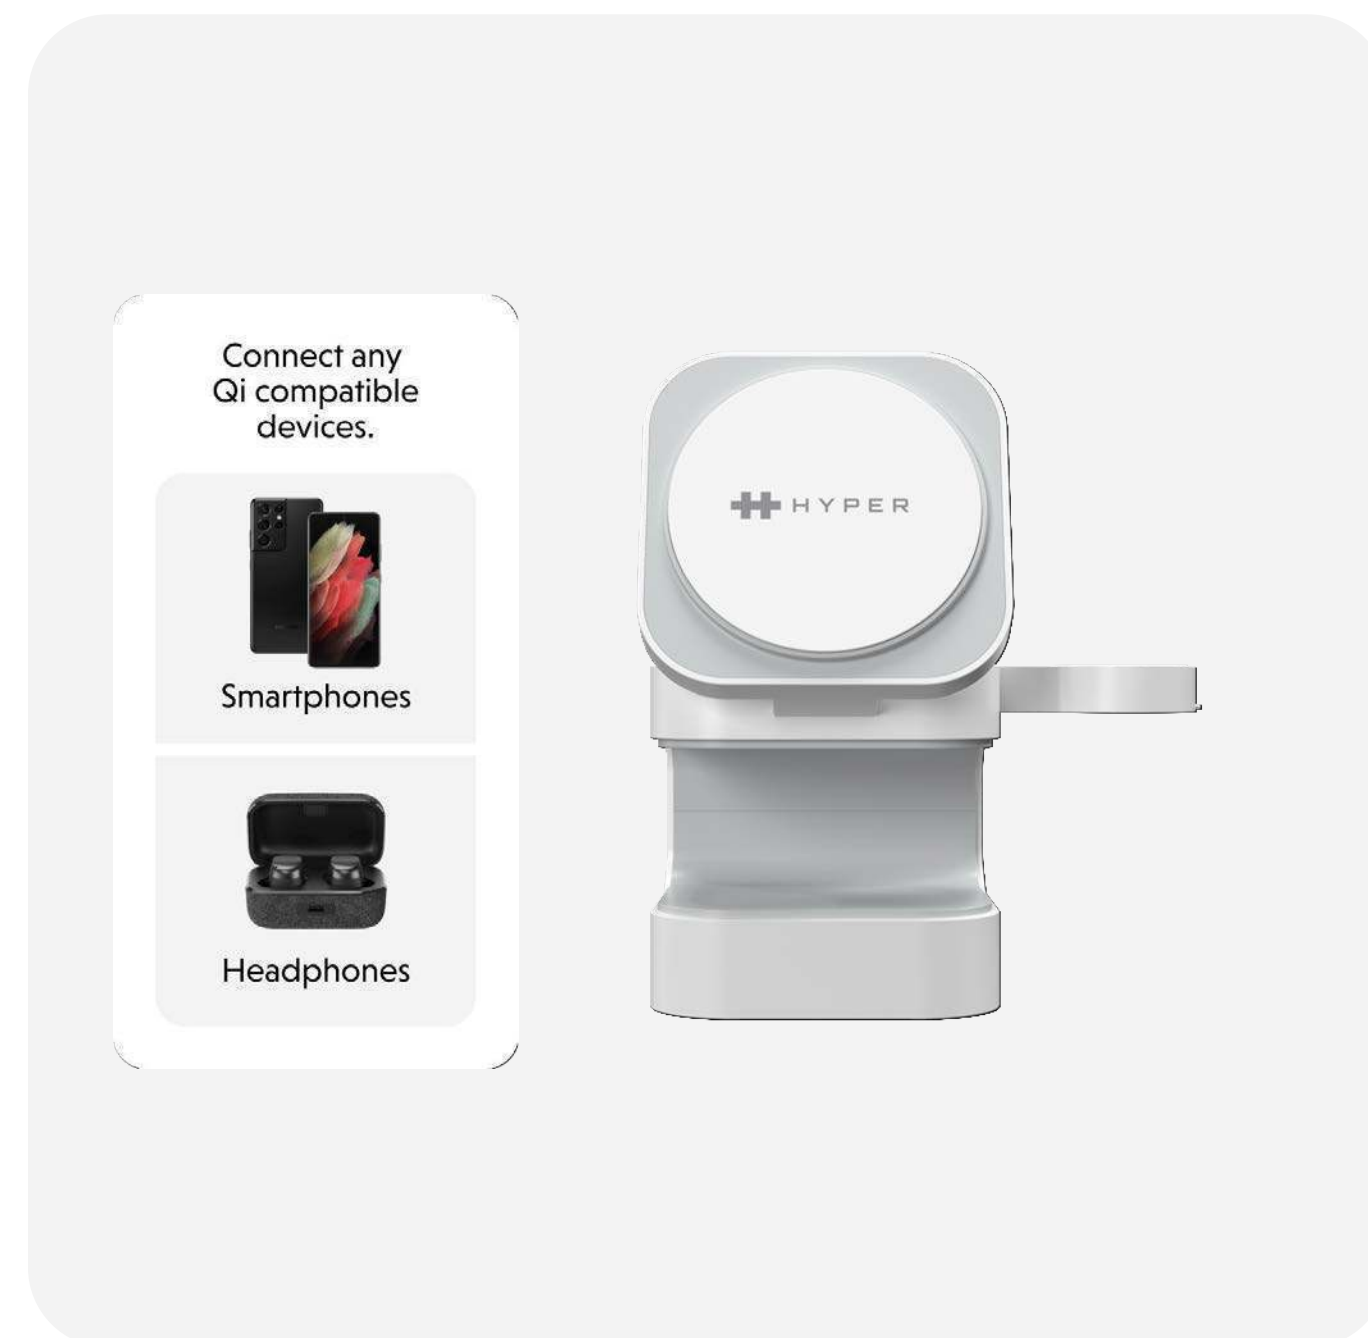

Made For Apple Watch

Featuring a dedicated 5W Apple Watch-optimized charging pad, that ensures optimal charging performance and security for your smartwatch. Keep track of your health metrics and notifications without worrying about running out of battery.

Multiple Viewing Angles

Designed with adjustable angles for comfortable device viewing. Whether you're checking notifications, watching videos, making video calls, or using iOS StandBy Mode, you can position your device for optimal use without disrupting the charging process.

Widely Compatible with Qi Devices

The HyperJuice Qi2 3-in-1 Magnetic Charging Stand isn't just for Apple users. It works with all Qi-compatible devices, including Android smartphones, making it a versatile addition to any tech setup.
