**Perfect mobile memory solution for media entertainment**

Lexar® PLAY microSDXC™ UHS-I cards are designed to keep up with all your content, no matter if it is games, video, movies, music, or books. Avoid slow load times with read speeds of up to 205MB/s and enjoy quick downloads with write speeds up to 140MB/s.¹ Fast A2-rated performance² lets you play more of what you love without missing a beat. While large capacities up to 1TB allow you to save all your favorite multimedia files. With this card you can capture, play back, and transfer large amounts of Full-HD and 4K video. Ideal for portable gaming devices, smartphones, and tablets.

Unleash your entertainment. Great for use with your portable gaming device, smartphone, or tablet, the Lexar® PLAY microSDXC™ UHS-I cards make it easy to quickly load and transfer all your favorite media files, including movies, photos, music, games and books.

Connect to what you want faster. Cut down delays with fast transfer speeds of up to 205MB/s, and get A2-rated performance, so you can load apps faster on your mobile devices and play more of what you love without missing a beat.

Download games faster. An increased write speed of up to 140MB/s¹ gives you shorter download times so you can spend less time waiting and more time playing.

Immense capacities for your favorite content. With up to 1TB of space, these high-capacity Lexar PLAY microSD cards give you the speed and space you need to capture, transfer, store, and share more of what you love.

Capture and play back moments in 4K video. You can quickly capture, play back, and transfer large amounts of Full-HD and 4K video—making it easy to store your greatest moments and then relive the action.

Rigorously Tested. All Lexar products undergo extensive testing in the Lexar Quality Labs, facilities with thousands of different cameras and digital devices to ensure performance, quality, compatibility, and reliability.

For more than 28 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, solid-state drives, and DRAM. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

¹ Up to 205MB/s read transfer, write speeds lower. Engineered with advanced technology to reach read speed beyond UHS-I 104MB/s specification. Speeds based on internal testing. Actual performance may vary. Read speed full performance achieved only when paired with Lexar RW310x reader.

Lexar is not liable for any loss of data or images.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory. Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
