

333309 7-Outlet German Power Distribution Unit with Surge Protection and Switch

Product Images

Short Description

1. 7 x DIN49440 (Schuko)
2. Surge Protection
3. Cable Length: 1.8m
4. 1U Horizontal installation
5. Rating: 250V 50/60Hz / 16A
6. Current rating: 16A
7. Maximum power: 3500W
8. Power ON/OFF switch
9. Material: Aluminum

Description

The equip power distribution unit is a high-quality and robust product that was developed for the supply of power in data cabinets and ensures safety with its integrated surge protection. The power strip is carefully tested to ensure functionality and reliability. A 1.8m long supply cable and a built-in on/off switch complete the functionality of this power distribution unit. The optimized design also makes it easy to install. The ideal choice for 19" cabinet system installation.

Additional Information

Approval and compliance	CE & RoHS
Mount	19" rack mount
Output power (watt)	3500W
Product weight (kg)	0.79
Product breadth (mm)	45
Product depth (mm)	45
Product height (mm)	482.6
Cable length	1.8m
Color	Black
EAN	4015867227367
Model number	333309
Package contents	333309
Shell material	Aluminum
Ports	7 Ports
Plug type	Schuko CEE7/7 90° Angled
Power input	250V 50/60Hz / 16A
