MOUNTING INSTRUCTIONS

1. Remove the lit of the appliance and position the appliance on the Rack with the connections facing the front of the Rack.
2. Insert the screws from the bottom through the rack and the appliance, and secure with the nuts using the provided bit.
3. Replace the lit on the appliance.

Optional

4. To connect antenna cables to the front, use a screwdriver and hammer to punch out the holes in the designated locations (cables not included).
5. If using an external power supply, secure it to the Rack with the provided zip ties. Tie down the excess cable with the third zip tie near the power supply.

Please ensure proper ventilation according to the network appliance manufacturer's guidelines.
