769227 Cat.6A Unshielded Keystone Jack Toolfree, 8pcs/Set, White

Product Images

Short Description

- Gold Flash Contact
- Cable Wire Gauge: 22AWG ~ 26AWG
- Toolless type, easy installation
- 500MHz performance Bandwidth
- Transmission: 10Gbit
- Suitable for PoE, PoE+, PoE++
- LSA Connector
- IDC T568A/T568B Color Coded
- Class E according to ISO/IEC 11801 and EN50173
- Unshielded
- Selling Unit: 8pcs/Pack

Description

The Cat.6A Unshielded Keystone Jack is a high-quality, tool-free connector designed for easy and efficient installation in networking systems. Ideal for 10 Gigabit Ethernet applications, this jack supports high-speed data transmission while ensuring reliable performance in both commercial and residential settings.

The tool-free design allows for quick and simple termination, making it an excellent choice for installers seeking to save time and effort. With its unshielded construction, it provides flexibility in low-interference environments, and is compatible with standard keystone wall plates and patch panels, offering a seamless connection solution for modern networking needs.
