HP 225 Wired Mouse and Keyboard Combo G2

Every Day Productivity

Think how much you use your mouse and keyboard. That's why we've taken the time to design products that are comfortable to use so you can work productively every day - and all day if necessary.

Designed for Comfort

This mouse and keyboard are one comfortable combo. The mouse has perfectly positioned left and right buttons and a scroll wheel. Plus, with 0-6 degree adjustable feet, you'll be able to type comfortably on a three-zone, full sized keyboard.

Plug and Play Connectivity

Connecting some peripheral devices can be a complex and time consuming task. Who needs that? With easy plug and play USB connectivity, you can get your mouse and keyboard connected quickly so you can get on with your work day.

Easy Cleaning

Use your mouse and keyboard every day and they will accumulate dirt and grime. Over time, this can affect how they perform. Because they were specifically designed to withstand everyday cleaning with select disinfecting wipes,[1] this is one mouse and keyboard combo that's a snap to keep clean.

Sustainability in action

Responsibly Made

You should feel good about the products you buy and use. Rest assured, this wired keyboard and mouse are made with at least 75% recycled plastic materials[2] and the printed circuit boards on both the keyboard and mouse are low halogen.[3]
