

EB-FH54

DATASHEET / BROCHURE

Make every presentation brighter, sharper and more collaborative, with this flexible, portable and reliable Full HD projector.

EB-FH54 is the ultimate Full HD wireless projection partner - perfect for delivering high quality presentations. Its stylish design makes the right impression in any environment, combined with a high brightness of 4,100 lumens. Reliable 3LCD technology keeps intervention and maintenance to a minimum - leaving you to enjoy years of high-quality, interruption-free meetings.

Created the right impression in any environment

The EB-FH54 is the perfect combination of high quality and high performance, offering a brightness of up to 4,100 lumens, powered by Epson's 3LCD technology. Providing professional sharp, clear content output for any working environment, enabling high-quality and engaging presentations without breaking the budget. To complete the immersive experience, high-quality sound is delivered via a built-in 16W speaker - making additional external speakers a thing of the past

Up to 304" display size to maximise audience engagement

With a scalable display size of up to 304" - the EB-FH54 delivers crystal-clear, smooth images with Full HD 1080p resolution with a 240Hz refresh rate, enhanced by Scene Adaptive Gamma Correction for optimum brightness and contrast, and exceptional colour accuracy to deliver vibrant, true-to-life images free of distracting rainbow effects to keep audiences focused and engaged throughout any presentation.

Portable and flexible

Lightweight and compact, the EB-FH54 is easy to transport, offering flexibility. It features a simple setup with x1.62 zoom and automatic vertical keystone correction of $\pm 30^\circ$. Quick setup functionality allows for effortless installation and use in any location.

High reliability and low maintenance

Designed for long-lasting performance, this projector offers a lamp life of up to 12,000 hours in ECO mode, reducing the need for frequent replacements and lowering maintenance costs. Backed by a 3-year warranty, it provides peace of mind.

A continued commitment around sustainability

Epson projectors are continuously developed, produced and packaged with sustainability at front of mind, demonstrating Epson's continuous journey towards carbon-neutrality with lower environmental impact

KEY FEATURES

- **Bright and fast, meets big and flexible**
Full HD, 4100 lumens brightness projector combined with 3LCD technology provides superior image quality and high engagement with a scalable display size up to 304".
- **Multi-device sharing**
The Epson iProjection app connects and controls up to 4 devices, with a split-screen feature to display 2 image sources, eliminating the need for an extra projector.
- **Portable and versatile design**
