Highlights

ClickFix easy mounting
Install in four easy steps with the patented Philips ClickFix installation system. Install your spot light easily and by yourself. Simply mount the bracket to the ceiling, connect the wires, then click and fix the light in one go.

Extensive bathroom lighting portfolio
Philips offers mirror lights and ceiling spots for all of your bathroom lighting needs

Long lifetime up to 25,000 hours

Reliable high-quality LED light lasts up to 25,000 hours. You can rest easy knowing that you won't have to worry about maintenance for years, while having the perfect light ambience in your home.

Seeing well is essential
Seeing well is essential for good results at the mirror, which is why each lamp features a high-quality light source for confident grooming. The bathroom lighting range uses the latest energy-saving technology for good quality light that provides plenty of illumination without being harsh.

EyeComfort – light that's easy on your eyes

Poor-quality light can cause eye strain. With many people spending time indoors, it's more important than ever to properly light your home. Our products meet stringent test criteria including flicker, strobe, glare, colour rendition and dimming effects to ensure that they meet EyeComfort requirements. This Philips LED luminaire not only delivers comfortable light, but also stays that way for the duration of its lifespan, delivering consistent light quality, output and colour for more than a decade.

Moisture resistance
Moisture resistance means you can confidently use this product in bathrooms, kitchens, balconies and other spaces where moisture may be a consideration.

Durable and long lasting
Made of robust materials selected for durability and visual appeal. Built for long-lasting performance. Install it and forget it until the end of its long useful life – no hassling with replacements. High-quality materials have UV baking, high temperature and other endurance tests to ensure durability
