CERAMIC HEATERS

Heating

Rooms always pleasantly warmed.

The ideal option for those looking for a stylish heater with maximum comfort and minimum noise. Stylish and carefully designed, they blend in perfectly with your home's environment and decoration, facilitating night sleep with their ability to generate comfortable and cosy warmth. Additionally, the wall-mounted option allows for even more elegance in keeping with your home.

ReadyWarm 6000 Ceramic

Ceramic heater, 1500 W, Ceramic Technology, 3 operating modes and adjustable thermostat.

FEATURES:

- Powerful 2-in-1 ceramic heater: Heat and cool.
- Great maximum power: 1500 W.
- Adjustable thermostat with 2 different power levels to optimise energy consumption: Minimum (750 W) and maximum (1500 W).
- Ceramic Technology: Maximum efficiency and safety thanks to its PTC capability of auto-regulating the output power according to the temperature.
- 3 operating modes: Eco (750 W heating), Turbo (1500 W heating) and Cool (cool air fan).
- Different power levels, completely adjustable to different user's needs.
- Tip-over safety system: the fan heater stops automatically when it is moved, placed in an unusual position or when it falls.
- WarmSpace technology, capable of efficiently heating 15 m².
- Overprotect System, protection against overheating: AutoOff System that stops the fan heater from operating when it is excessively hot.
- Only Silence technology for you to enjoy pleasant environments, maximum silence and comfort.
- EasyGo system for easy transportation. Includes ergonomic handle to move and transport it easily and lightweight, only 1,2 kg.
- Suitable for any situation and space thanks to its VerticalDesign, which provides it with great stability, lightness, reduces size and easy usability.
- Power light indicator.
- Security System: Safety grid that prevents access to the heater's inner parts.

COMPOSITION:

- Ceramic heater
- Instruction manual

ReadyWarm 6050 Ceramic Pisa

Ceramic heater, 2000 W, Ceramic Technology, 3 operating modes and adjustable thermostat.

FEATURES:

- Powerful 2-in-1 ceramic heater: Heat and cool.
- Great maximum power: 2000 W.
- Adjustable thermostat with 2 different power levels to optimise energy consumption: Minimum (1000 W) and maximum (2000 W).
- Ceramic Technology: Maximum efficiency and safety thanks to its PTC capability of auto-regulating the output power according to the temperature.
- 3 operating modes: Eco (1000 W heating), Turbo (2000 W heating) and Cool (cool air fan).
- Different power levels, completely adjustable to different user's needs.
- Tip-over safety system: the fan heater stops automatically when it is moved, placed in an unusual position or when it falls.
- WarmSpace technology, capable of heating 20 m2 efficiently.
- Overprotect System, protection against overheating: AutoOff System that stops the fan heater from operating when it is excessively hot.
- Only Silence technology for you to enjoy pleasant environments, maximum silence and comfort.
- EasyGo system for easy transportation. Includes ergonomic handle to move and transport it easily and lightweight, only 1,2 kg.
- Suitable for any situation and space thanks to its VerticalDesign, which provides it with great stability, lightness, reduces size and easy usability.
- Power light indicator.
- Security System: Safety grid that prevents access to the heater's inner parts.

COMPOSITION:

- Ceramic heater
- Instruction manual

ReadyWarm 6100 Ceramic Rotate

Designer ceramic heater with 1500 W, oscillation function, 3 operating modes and adjustable thermostat.

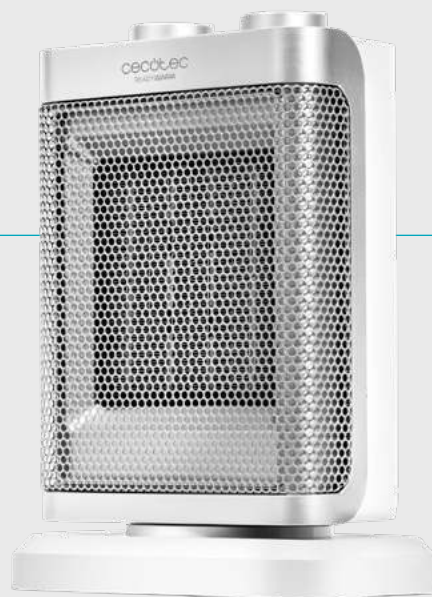

FEATURES:

- Powerful 2-in-1 ceramic heater: Heat and cool.
- Great maximum power: 1500 W.
- Adjustable thermostat with 2 different power levels to optimise energy consumption: Minimum (750 W) and maximum (1500 W).
- Ceramic Technology: Maximum efficiency and safety thanks to its PTC capability of auto-regulating the output power according to the temperature.
- 3 operating modes: Eco (750 W heating), Turbo (1500 W heating) and Cool (cool air fan).
- 90° automatic oscillation with greater heating angle thanks to the Rotate Wind system.
- Tip-over safety system: the fan heater stops automatically when it is moved, placed in an unusual position or when it falls.
- WarmSpace technology, capable of efficiently heating 15 m².
- Overprotect System, protection against overheating: AutoOff System that stops the fan heater from operating when it is excessively hot.
- Only Silence technology for you to enjoy pleasant environments, maximum silence and comfort.
- EasyGo system for easy transportation. Includes ergonomic handle to move and transport it easily and lightweight, only 1,26 kg.
- Suitable for any situation and space thanks to its VerticalDesign, which provides it with great stability, lightness, reduces size and easy usability.
- Power light indicator.
- Security System: Safety grid that prevents access to the heater's inner parts.

COMPOSITION:

- Ceramic heater
- Instruction manual

ReadyWarm 6150 Ceramic Rotate Style

Ceramic heater with 1500 W, oscillation function, 3 operating modes and adjustable thermostat.

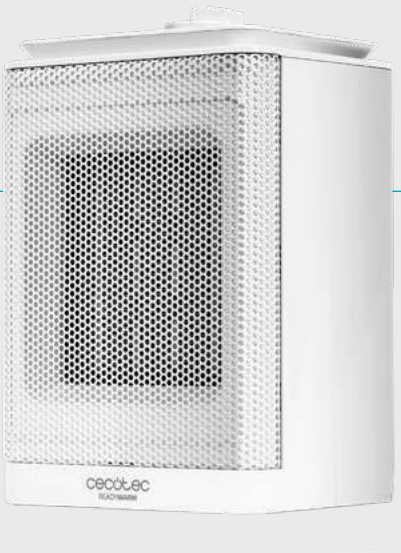

FEATURES:

- Powerful 2-in-1 ceramic heater: Heat and cool.
- Great maximum power: 1500 W.
- Adjustable thermostat with 2 different power levels to optimise energy consumption: Minimum (750 W) and maximum (1500 W).
- Ceramic Technology: Maximum efficiency and safety thanks to its PTC capability of auto-regulating the output power according to the temperature.
- 3 operating modes: Eco (750 W heating), Turbo (1500 W heating) and Cool (cool air fan).
- Different power levels, completely adjustable to different user's needs.
- 90° automatic oscillation with greater heating angle thanks to the Rotate Wind system.
- Tip-over safety system: the fan heater stops automatically when it is moved, placed in an unusual position or when it falls.
- WarmSpace technology, capable of efficiently heating 15 m².
- Overprotect System, protection against overheating: AutoOff System that stops the fan heater from operating when it is excessively hot.
- Only Silence technology for you to enjoy pleasant environments, maximum silence and comfort.
- EasyGo system for easy transportation. Includes ergonomic handle to move and transport it easily and lightweight, only 0,9 kg.
- Suitable for any situation and space thanks to its VerticalDesign, which provides it with great stability, lightness, reduces size and easy usability.
- Power light indicator.
- Security System: Safety grid that prevents access to the heater's inner parts.

COMPOSITION:

- Ceramic heater
- Instruction manual

-  16.5 x 15.5 x 23.2 cm 1.4 kg
33 x 34.5 x 48 cm 11.2 kg

ReadyWarm 6200 Ceramic Sky

Designer 2-in-1 upright ceramic heater with 2000 W, oscillation function, 3 operating modes and adjustable thermostat.

FEATURES:

- Powerful 2-in-1 ceramic heater: Heat and cool.
- Great maximum power: 2000 W.
- Adjustable thermostat with 2 different power levels to optimise energy consumption: Minimum (1000 W) and maximum (2000 W).
- Ceramic Technology: Maximum efficiency and safety thanks to its PTC capability of auto-regulating the output power according to the temperature.
- 3 operating modes: Eco (1000 W heating), Turbo (2000 W heating) and Cool (cool air fan).
- Different power levels, completely adjustable to different user's needs.
- 90° automatic oscillation with greater heating angle thanks to the Rotate Wind system.
- Tip-over safety system: the fan heater stops automatically when it is moved, placed in an unusual position or when it falls.
- WarmSpace technology, capable of heating 20 m2 efficiently.
- Overprotect System, protection against overheating: AutoOff System that stops the fan heater from operating when it is excessively hot.
- Only Silence technology for you to enjoy pleasant environments, maximum silence and comfort.
- EasyGo system for easy transportation. Includes ergonomic handle to move and transport it easily and lightweight, only 2,01 kg.
- Suitable for any situation and space thanks to its VerticalDesign, which provides it with great stability, lightness, reduces size and easy usability.
- Power light indicator.
- Security System: Safety grid that prevents access to the heater's inner parts.

ReadyWarm 6300 Ceramic Touch

Ceramic heater, 2000 W, 3 operating modes, timer, display and oscillation function. Touch control, oscillation, temperature selection and maximum safety.

FEATURES:

- The heater is highly powerful due to its 2000 W, capable of heating rooms in a small amount of time.
- Its LED display shows the room temperature and the rest of available functions.
- It includes 3 operating modes: Fan, Low (reduce consumption to 1000 W) and High (maximum consumption of 2000 W).
- It features a 9-hour timer, which allows setting the desired operating time. The LED display will show the selected settings.
- Its top touch panel makes it easier to control and use, plus, it makes it more attractive and increases ease of use.
- It oscillates up to 75°, distributing heat evenly across the whole room.
- Its thermostat allows the heater to detect the room temperature, and selecting the desired temperature within a range of 16 °C and 37 °C.
- Complete security thanks to its triple safety system: Tip-over safety system, protection against overheating and safety grid that prevents fingers from entering the heater.
- Its large 2-metre cord allows placing it anywhere, including bathrooms.

COMPOSITION:

- Ceramic heater
- Instruction manual

-  29.5 x 20.3 x 22 cm 1.98 kg
31 x 45 x 61.5 cm 12.76 kg
-  17,5 x 17,5 x 26 cm 1,66 kg
-  220-240 V, 50-60 Hz
2000 W

ReadyWarm 6350 Ceramic Touch Connected

Ceramic heater, 2000 W, remote control and Wi-Fi control. LED operation light indicator, 3 operating modes, times, display and oscillation function.

FEATURES:

- The heater is highly powerful due to its 2000 W, capable of heating rooms in a small amount of time.
- Its Wi-Fi control through Smartphone allows setting different heating configurations.
- Smart control thanks to its LED display its remote control, with which you can manage the heater's operation.
- It includes 3 operating modes: Fan, Low (reduce consumption to 1000 W) and High (maximum consumption of 2000 W).
- It features 3 LED light indicators that correspond to operating modes: Blue-Fan, light red-Low and dark red-High.
- It features a 9-hour timer, which allows setting the desired operating time. The LED display will show the selected settings.
- It oscillates up to 75°, distributing heat evenly across the whole room.
- Its thermostat allows the heater to detect the room temperature, and selecting the desired temperature within a range of 16 °C and 37 °C.
- Its top touch panel makes it easier to control and use, plus, it makes it more attractive and increases ease of use.
- Complete security thanks to its triple safety system: Tip-over safety system, protection against overheating and safety grid that prevents fingers from entering the heater.
- Its large 2-metre cord allows placing it anywhere, including bathrooms.

COMPOSITION:

- Ceramic heater
- Remote control
- Instruction manual

-  29.5 x 20.3 x 22 cm 2.04 kg
31 x 45 x 61.5 cm 13.04 kg

ReadyWarm 6400 Ceramic Sky Smart

Ceramic heater with 2000 W, LED display, remote control, 3 modes, LED light indicator, 24-hour timer, oscillation and triple safety system.

FEATURES:

- The heater is highly powerful due to its 2000 W, capable of heating rooms in a small amount of time.
- Smart and easy control thanks to its remote control, with which you can manage the heater's operation.
- Its top LED display shows the room temperature and the rest of available functions.
- It includes 3 operating modes: Fan, Low (reduce consumption to 1000 W) and High (maximum consumption of 2000 W).
- The heater has a panel where the running or programmed function is displayed.
- It features a 24-hour timer, which allows setting the desired operating time. The LED display will show the selected settings.
- It oscillates up to 90°, distributing heat evenly across the whole room.
- Complete security thanks to its triple safety system: Tip-over safety system, protection against overheating and safety grid that prevents fingers from entering the heater.

COMPOSITION:

- Ceramic heater
- Remote control

ReadyWarm 6600 Ceramic Style Smart

Ceramic heater with 2000 W, LED display, remote control, 3 modes, LED light indicator, 8-hour timer, oscillation and triple safety system.

FEATURES:

- The heater is highly powerful due to its 2000 W, capable of heating rooms in a small amount of time.
- Smart and easy control thanks to its remote control, with which you can manage the heater's operation.
- Its front LED display shows the room temperature and the rest of available functions.
- It includes 3 operating modes: Fan, Low (reduce consumption to 1000 W) and High (maximum consumption of 2000 W).
- The heater has a panel where the running or programmed function is displayed.
- It features an 8-hour timer, which allows setting the desired operating time. The LED display will show the selected settings.
- It oscillates up to 90°, distributing heat evenly across the whole room.
- Complete security thanks to its triple safety system: Tip-over safety system, protection against overheating and safety grid that prevents fingers from entering the heater.

ReadyWarm 6700 Ceramic Sky

2000 W ceramic heater with 3 modes, silent oscillation, light, simple use and triple safety system.

FEATURES:

- 2000 W power ceramic heater which thanks to its Ceramic Technology gets a warmer atmosphere in the room where it is placed.
- Up to 20 m² coverage area, equal to a 45 m³ volume. Perfectly suitable for living rooms, bedrooms, bathrooms...
- It oscillates 45°, along with its 50-cm height, which enables an even heat distribution across the whole room in which it is placed.
- 3 operating modes thanks to its adjustable thermostat: Fan mode, Eco mode (1000 W) and Turbo mode (2000 W). It adapts to your needs.
- Thanks to its DC motor, its operation is totally silent with only 30 dB in maximum power, which allows you to use the heater during quiet times, like reading or watching TV.
- Suitable for any situation and space as it counts with VerticalDesign, which provides it with great stability, lightness, reduces size and easy usability for its transportation between rooms.
- Its easy use with 1 knob allows the user to select power and operation mode intuitively.
- It features a triple security system: Auto shut-off, protection against tipping over or overheating, and grid that prevents fingers from being inserted inside the device.

COMPOSITION:

- Ceramic heater
- Instruction manual

-  21.7 x 17.7 x 55 cm 2.14 kg
-  17,5 x 13,5 x 49,7 cm 1,62 kg

ReadyWarm 6800 Ceramic Sky Smart

2000 W ceramic heater with remote control, LED display, temperature selection, timer, oscillation, 3 modes, DC motor and triple safety system.

FEATURES:

- 2000 W power ceramic heater which thanks to its Ceramic Technology can get a warmer atmosphere in a room of up to 20 m², similar to a 45 m³ volume. Perfectly suitable for living rooms, bedrooms, bathrooms...
- Thanks to its LED display and remote control, you can select the heater operation in a convenient and easy manner.
- Its thermostat allows the heater to detect the current room temperature, and selecting the desired temperature within a range of 10°C to 49°C.
- It features a 8-hour timer, which allows setting the desired operating time. The LED display will show the selected settings.
- It oscillates 45°, along with its 50-cm height, which enables an even heat distribution across the whole room in which it is placed.
- 3 operating modes thanks to its adjustable thermostat: Fan mode, Eco mode (1000 W) and Turbo mode (2000 W). It adapts to your needs.
- Thanks to its DC motor, its operation is totally silent with only 30 dB in maximum power, which allows you to use the heater during quiet times, like reading or watching TV.
- It features a triple security system: Auto shut-off, protection against tipping over or overheating, and grid that prevents fingers from being inserted inside the device.

ReadyWarm 10000 Top Ceramic

Ceramic heater with 2200 W, oscillation function, 3 operating modes and adjustable thermostat.

FEATURES:

- Powerful upright ceramic heater.
- Great maximum power, 2200 W (MaxWarm).
- Adjustable thermostat with 2 different power levels to optimise energy consumption: Minimum (1200 W) and maximum (2200 W).
- Ceramic Technology: Maximum efficiency and safety thanks to its PTC capability of auto-regulating the output power according to the temperature.
- 3 operating modes: Eco (1200 W heating), Turbo (2200 W heating) and Cool (cool air fan).
- Tip-over safety system: The heater stops automatically when it is moved, placed in an unusual position or when it falls.
- 90° automatic oscillation with greater heating angle thanks to the Rotate Wind system.
- WarmSpace technology, capable of efficiently heating 22 m².
- Special filter that catches dust micro-particles and keeps all the heater elements cleaner for longer, lengthening its lifespan.
- Overprotect System, protection against overheating: AutoOff System that stops the fan heater from operating when it is excessively hot.
- EasyGo system for easy transportation. Includes ergonomic handle to comfortably move and transport it and lightweight, only 2.8 kg.
- Suitable for any situation and space thanks to its VerticalDesign, which provides it with great stability, lightness, reduces size and easy usability.
- Power light indicator.

COMPOSITION:

- Ceramic heater
- Instruction manual

-  25.5 x 25 x 69 cm 3.4 kg
-  24 x 24 x 65 cm 2,55 kg
-  220-240 V, 50/60 Hz

ReadyWarm 10100 Smart Ceramic

Designer ceramic heater, 2200 W, remote control, digital display and 3 operating modes with adjustable thermostat.

FEATURES:

- Powerful stand convector heater.
- High maximum power of 2000 W to create a cosy, warm atmosphere.
- Adjustable thermostat with three power levels for every occasion.
- It has four operating modes: fan mode, Eco mode (750 W), Medium mode (1250 W), and Turbo mode (2000 W).
- FlashWarm technology, capable of efficiently heating 20 m².
- Overprotect System, protection against overheating: AutoOff System that stops the convector from operating when it is excessively hot.
- Only Silence technology for you to enjoy pleasant environments, maximum silence and comfort.
- EasyGo system for easy transportation. Includes ergonomic handle to comfortably move and transport it and lightweight, only 2.6 kg.
- Security System: Safety grid that prevents access to the heater's inner parts.
- Simple and intuitive use, with two switches and a knob to select power and operating mode.

COMPOSITION:

- Ceramic heater
- Remote control
- Instruction manual

-  25.5 x 25.5 x 69 cm 3.6 kg
-  24 x 24 x 65 cm 2,55 kg

Wall heater

ReadyWarm 7000 Quartz Bath

Quartz wall heater, 1200 W and adjustable thermostat.

FEATURES:

- 1200-W wall quartz heater, special for bathrooms.
- Great maximum power: 1200 W.
- Adjustable thermostat with 2 power levels: Eco mode with minimum a minimum power of 600 W and Max. mode with a maximum power of 1200 W. Optimise energy consumption.
- Its QuartzWarm technology is composed of 3 quartz heating elements, ideal for heating rooms of up to 10 m fast and efficiently.
- Suitable for bathrooms thanks to its splash-proof IP24 protection.
- Designed with Total Control technology, which allows the user to turn it in the desired direction. Thanks to this technology, choose the heating angle of incidence.
- Its Pull Chain Easy system consists of a pull-chain switch for an easy use. Use it to set the power level, to turn the device on and off.
- Power light indicator.
- Includes wall mounting bracket. This heater is specially designed for bathrooms.
- Security System: Safety grid that prevents access to the heater's inner parts.

COMPOSITION:

- Quartz radiator
- Wall bracket
- Instruction manual

ReadyWarm 5200 Box Ceramic

Wall ceramic heater, 2000 W, with LED display and remote control.

FEATURES:

- Powerful wall ceramic heater with digital display, remote control and timer.
- Great maximum power, 2000 W (MaxWarm).
- Adjustable thermostat with 2 different power levels to optimise energy consumption: Minimum (1000 W-Eco) and maximum (2000 W).
- Ceramic Technology: Maximum efficiency and safety thanks to its PTC capability of auto-regulating the output power according to the temperature.
- 3 operating modes: Eco (1000 W heating), Turbo (2000 W heating) and fan function.
- Smart Control LCD display and touch remote control, for easier usability.
- WarmTimer: Programmable 12-hour timer, time after which it turns automatically off.
- IPX2 splash-proof protection, special for bathroom use.
- WarmSpace technology, capable of heating 20 m2 efficiently.
- Special filter that catches dust micro-particles and keeps all the heater elements cleaner for longer, lengthening its lifespan.
- Overprotect System, protection against overheating: AutoOff System that stops the fan heater from operating when it is excessively hot.
- Power light indicator.

ReadyWarm 5250 Swing Box Ceramic

Wall ceramic heater with oscillation function, 2000 W, with LED display and remote control.

FEATURES:

- Powerful wall ceramic heater with digital display, remote control and timer.
- Great maximum power, 2000 W (MaxWarm).
- Adjustable thermostat with 2 different power levels to optimise energy consumption: Minimum (1000 W-Eco) and maximum (2000 W).
- Automatic blade oscillation with greater heating angle thanks to the Rotate Wind system.
- Ceramic Technology: Maximum efficiency and safety thanks to its PTC capability of auto-regulating the output power according to the temperature.
- 3 operating modes: Eco (1000 W heating), Turbo (2000 W heating) and fan function.
- Smart Control LCD display and remote control, for easier usability.
- WarmTimer: Programmable 12-hour timer, time after which it turns automatically off.
- IPX2 splash-proof protection, special for bathroom use.
- WarmSpace technology, capable of heating 20 m2 efficiently.
- Special filter that catches dust micro-particles and keeps all the heater elements cleaner for longer, lengthening its lifespan.
- Overprotect System, protection against overheating: AutoOff System that stops the fan heater from operating when it is excessively hot.
- Power light indicator.

ReadyWarm 5300 Power Box Ceramic

Wall ceramic heater with LED display. 2000 W. Remote control. 3 modes. 24-h timer. Oscillation. IP22.

FEATURES:

- Ceramic wall heater, 2000 W, for fast heating of rooms of up to 20 m².
- Adjustable power in 2 levels: 1000 W or 2000 W. Adapt temperature to different situations and optimise electricity consumption.
- 3 operating modes: Eco, Turbo and Fan.
- Built-in LED display that allows easy and fast reading of temperature, programming the timer and operating modes.
- Includes remote control for setting the timer, adjusting temperature and changing the operating mode.
- Features oscillation mode for a greater air flow operating radius and a better heat distribution.
- Programmable 24-hour timer, time after which it turns automatically off.
- Its IP22 certificated protection makes it ideal for use in wet areas, such as bathrooms.

COMPOSITION:

- Heater
- Remote control
- Assembly kit
