MX Master 4 for Business

MX Master 4 for Business is our flagship mouse with advanced capabilities and enhanced connectivity. It's thoughtfully designed with advanced features that include an 8K DPI Darkfield laser sensor, Quiet Click technology, MagSpeed scrolling, a new Actions Ring¹, and haptic feedback. Two times more powerful connectivity² improves performance in congested wireless environments.

- **Enhanced connectivity:** 2x more powerful connectivity² with an advanced radio chip, optimized antenna placement, and Logi Bolt USB-C receiver. Logi Bolt technology provides a fully encrypted, FIPS-compliant connection.
- **High-quality, durable materials:** Offers improved stain resistance² and is easier to clean so you can keep it looking good for longer.
- **Works on any surface:** Stop on a pixel every time with the 8K DPI Darkfield laser sensor – even on glass³.
- **MagSpeed scrolling:** Up to 1,000 lines per second or precision line-by-line mode.
- **Quiet, focused work:** Quiet Click technology reduces click noise by 90%⁴, creating one less distraction so you and your work neighbors can focus on work.
- **Fast access to favorite tools:** Actions Ring¹ provides quick access to tools or actions at the push of a button.
- **Precision you can feel:** Customize app-specific haptic feedback for precise controls¹, or receive gentle haptic reminders for battery and connectivity updates.

Sensor Technology	Darkfield high precision	
Tracking DPI	Nominal value	1,000 DPI
	Range	200-8,000 DPI (can be set in increments of 50 DPI)
Controls	Buttons	8 (left/right-click, back/forward, gesture, wheel mode-shift, middle click, Actions Ring)
	Programmable buttons	6 (back/forward, gesture, wheel mode-shift, middle click, Actions Ring)
	Actions Ring ¹	All your favorite tools and shortcuts ready at the push of a button
	Built-in haptic feedback	Customize app-specific haptic feedback for precise controls ¹ , or receive gentle haptic reminders for battery and connectivity updates
