

PIZZA RACLETTE

with 14 pans!

The versatile party fun for young and old alike

ROMMELSBACHER

When enjoyment becomes a shared experience, you need an appliance that does more than just raclette. The RCP 1800 Pizza Raclette by ROMMELSBACHER combines thoughtful design, powerful technology, and impressive versatility – for tabletop dining at its finest. Whether it's classic raclette, crispy mini pizzas with bottom heat, sweet crêpes, or delicious grilled dishes – this multi-talent brings variety to the table and connects people through taste. The solid reversible plate made of die-cast aluminium ensures even heat distribution and features a modern, ceramic non-stick coating (PFAS-free). One side is ribbed for distinctive grill marks, the other smooth for delicate dishes or sweet creations. The separate pizza level with switchable bottom heat delivers golden-brown pizza crusts and a true oven-like experience in mini format. With continuously adjustable temperature, independently switchable heating zones, a central main switch, and practical pilot lights, the RCP 1800 offers safety and convenience in operation. The cleverly designed parking deck holds unused pans, while non-slip feet and an extra-long power cord provide flexibility on any table. The wide range of pans and other practical accessories make this a complete package – ready for any occasion. Pizza Raclette RCP 1800 – designed for unforgettable evenings full of flavour.

smooth side of the reversible plate
