Buttons Functional

2.4Ghz + BT1 + BT2 Dual mode connection

INSTALLATION

Pairing

1

2

Long press

1.2.4G Connection: Insert the receiver into the computer's USB port. Turn the mouse power switch to the "ON" position. Briefly press the mode switch button until the 2.4G indicator lights up. The mouse will connect automatically, and the red light at the bottom will illuminate. Move the mouse or click the left/right buttons to start using the wireless mouse.

Bluetooth Connection

A: Turn the mouse power switch to the "ON" position. Briefly press the mode switch button until the BT1 or BT2 indicator lights up. Then, press and hold the mode switch button for about 5 seconds until the BT1 (or BT2) indicator flashes.

B: On your computer, enable "Add a Bluetooth device." Find the corresponding Bluetooth name and click to connect. Once paired successfully, the Bluetooth indicator will turn off, and the red light at the bottom will illuminate, indicating a successful connection. The mouse is now ready to use.

C: Bluetooth BT1 and BT2 can simultaneously connect to two computers. Use the mode switch button to freely toggle between the two connected devices.

SPECIFICATION

EN	
Frequency range	2402-2480MHz
Maximum radio-frequency power transmitted	<10 dBm EIRP
Rated voltage	1.5V
DIP setting	800-1200-1600
Compatible operating systems	Windows XP/7/8/10/11, Mac OS
