Description

The equip® 112109 is a C13 to C14 power extension cord for connecting PDUs, UPS units, servers, and other rack equipment. The 1.5 m length suits cabinet and under-desk routing.

It uses H05VV-F 3G 3×0.75 mm² cable rated 250V / 10A (up to 2500W) for reliable power delivery to standard IEC C14 inlets, with molded connectors for a secure, durable fit.

It is RoHS and REACH compliant and carries ENEC, VDE, and other safety approvals for data-center and office use.
