

# Nighthawk® USB-C to Ethernet Adapter

## Seamless Connectivity for Hotspots

The Nighthawk USB-C to Ethernet Adapter provides a seamless way to enhance LAN connectivity for your compatible Nighthawk mobile hotspot. If your mobile hotspot already has onboard Ethernet, this adapter enables dual LAN support, allowing for increased network flexibility. For mobile hotspots without onboard Ethernet, the adapter serves as a primary LAN connection, ensuring reliable wired access. Whether you're setting up dual LAN or using it as a failover solution, this adapter offers a convenient and versatile networking upgrade.
