

Power Strip

Model: **AK-SP-06A**

Product code	AK-SP-06A
Product type	Power Strip
Series	Surge protector
Mechanical switch	Yes
Ground wire	Yes
Cable length	1.8 m
Anti-interference protection	Yes
RFI filter	To 10 dB
Maximum energy absorption	150 J
Fuse	Yes
Response time	25 ns
Maximum impulsive power	4500 A
Maximum energy load	2000 W
Socket type	German plug (Schuko) CEE 7/4
Number of sockets	5
Material	ABS
Product color	Black
Display	None
Temperature	5 - 50 °C
Package	EcoBox
Product size (L x W x H)	282 x 50 x 38 mm
Package size (L x W x H)	375 x 95 x 46 mm
Net weight	276 g
Gross weight	337 g
CE compatibility	Yes
RoHS compatibility	Yes
EAN code	5901720130181
Warranty	12 months

Description

The Akyga® AK-SP-06A power strip is a simple but robust and functional surge protector. It is made of high-quality materials, making it very durable. The power strip has **five CEE 7/3 (Schuko) sockets**, which allow you to connect devices with a maximum power of **up to 2500 W**. The sockets are resistant to damage and easy to handle. What's more, the surge protection strip is equipped with a **1.8 m cable**. This means that the power strip can also be used as an extension cable. In addition, the skirting board has an **on/off switch** that allows quick and safe switching off all connected devices. The power strip is equipped with a **10 A automatic fuse**, which protects against surges and prevents damage to connected devices. It is the ideal solution for people who want to be sure that their computer equipment, console or TV is safe.
