

S10

Dash Camera

Overview

Dahua S10 Dash Cam is a high-resolution in-vehicle camera featuring easy installation and user-friendly operation. The device communicates with its dedicated DH Dashcam App via built-in Wi-Fi. Equipped with a G-Sensor, it automatically locks the currently recorded video upon detecting collisions or strong vibrations to prevent overwriting. Supports TF(MicroSD) card up to 128GB. Built-in microphone and speaker enable audio recording and playback.

Highlights

- Supports dual-camera, with resolution of 4K+1K.
- Supports TF(MicroSD) card up to 128GB.
- Supports voice control.
- Supports Wi-Fi AP module.
- Supports GPS track playback.
- Supports App control, mobile client compatibility for configuration, real-time monitoring, recording search, and backup.
- G-Sensor module supports collision detection and video lock.
- Features a 3-inch display.

Scene

Suitable for consumer dash camera.

Technical Specification

Camera

Image Sensor	CMOS
Resolution	4K+1K
Frame Rate	25 fps

Field of View	105°(H)×56°(V) ×123° (D)
Iris	F1.5
Screen	3-inch non-touch screen
Video Compression	H.265
OSD	Display time, date, etc.
Image Format	JPEG
Storage	1 TF(MicroSD) card (up to 128GB)
Communication Module	Wi-Fi AP
G-sensor	Built in, supports locking video after collision.

Port

Power Supply	Type C
Audio Input	Built-in microphone
Audio Output	Built-in speaker

General

Operating Temperature	-20°C~70°C (-4°F~158°F)
Operating Humidity	<95% (No condensation)
Power Supply	DC 5V/2.5A
Power Consumption	≤5W
Dimensions	91.93mm×88.4mm×57.97mm [3.62inch×3.48inch×2.28inch]
Weight	124g (0.27lb)

Dimensions (mm[inch])
