Power Bank 10,000 mAh with built-in USB-C cable

SKU: TTBB10000LCDTCPD20A

Recharge all your devices anywhere thanks to the power bank with display

Leave your cables at home with this power bank

This **10,000mAh power bank** allows you to charge your **smartphone, tablet, e-reader, speaker** or **earbuds** while you're on the move. If you have a device with a USB-C port, you don't need to worry about carrying a cable: this power adapter has a built-in Type-C cable. The **20 watts** will supply your iPhone 15, iPhone 16, Samsung, Xiaomi, Huawei or Oppo smartphone with all the power you need.

Charge up to 3 devices simultaneously

With the USB-C and USB-A port, you can charge **up to 3 devices at the same time**. The **USB-C socket** delivers at a maximum power of **20 Watts** and is equipped with **Power Delivery (PD) technology**: it safely transfers high amounts of energy. The **USB-A port**, on the other hand, can transfer energy at a **power of 22.5 Watts** and, thanks to **Adaptive Fast Charge (AFC) technology**, understands the device's maximum power requirements to charge it the best way possible, while avoiding overheating and short circuits. Charge all your devices with peace of mind.

The display allows you to monitor the charge level of the power bank

By pressing the power button you will activate the digital display showing you the exact percentage of residual charge in the power bank. If the charge is too low, use the built-in cable or the USB-C port to connect it to a charger and get it back on track.

Very compact and usable on aeroplanes

It is small and compact (5x10.5x2.7 centimetres), so it takes up very little space on your desk and you can charge your smartphone in your jacket pocket without weighing it down excessively. You can use it on the plane: just put it away in your backpack or handbag.
