

SpacePole Stack - 02

STP101-02

SpacePole Stack is a high quality composite payment mount designed to securely mount any payment terminal device at a competitive price point. The unique feature of SpacePole Stack is it's ability to cater to different heights by using the included stack ring, offering an additional 28mm of height for larger payment terminals. The wide base makes it well balanced and stable for signature capture devices and the effective cable management means minimal clutter on your counter top.

Secure Mounting: supports enhanced physical security by supporting security options, aiding in PCI compliance

Universal Compatibility: Works with all SpacePole MultiGrip plates available for all popular payment terminals

Durable and Lightweight: Made from tough, glass fiber-reinforced plastic, ensuring longevity

Flexible Installation: Mount with screws or self-adhesive pads for versatile setup

Adjustable Design: Offers tilt and rotation for optimal usability and customer experience

Product Specifications

Colour Name	Black
Colour Type	Structured
Main material	Composite
Product Version	1.3
Angle of rotation	310
Base Type	Flange Footprint 101mm
Lock Type	ClickSafe
Tilt angle range	0°-70°
Units per Box	1
Pole diameter type	Stack outer = 62mm
Unit Weight	0.2 kg
Box Weight	0.36 kg
Warranty	5 Years

Product Dimensions

Unit Depth	139 mm
Unit Height	101.4 mm
Unit Weight	0.2 kg

Package Dimensions

Box Depth	253 mm
Box Height	94 mm
Box Width	189 mm
