The cordless lawn mower GE-CM 36/43 Li M is a very high-quality, reliable and extremely powerful device for wireless maintenance of larger lawns. Thanks to the new Power X-Change battery system from Einhell, the lawn mower has two powerful 18 V batteries with 4.0 Ah, for extensive use without annoying power cables. The six-stage central cutting height adjustment (25 – 75 mm) allows easy, individual adjustment of the cutting height. The large grass collection box can hold up to 63 litres of cut material and is equipped with a fill level indicator. In addition, a mulching wedge enables the fine comminution of the mowed crop, which is then uniformly distributed on the lawn and thus additionally fertilises the lawn.
