

reflecta DigiEndoscope

With the reflecta DigiEndoscope you can easily inspect narrow tubes, small recesses, dark corners and wire and cable ducts.

The 2.4" TFT display visualizes all details of the inspected area and you can even take pictures or record videos. The photos and videos are stored directly on a micro SD/SDHC card.

With the flexible gooseneck you can inspect even the most inaccessible spots. The adjustable illumination ensures perfect visualization of darkest areas. Due to the use of batteries, the DigiEndoscope can be used virtually everywhere.

Product information

- 2.4" TFT-screen
- Waterproof camera head (IP 67), Ø 8 mm
- High-grade CMOS image sensor: 640x480 pixel
- Resolution TFT-screen 480x234 pixel
